COME TO WILMINGTON

Corn and Agriculture Show, Nov. 16th, 17th, 18th and 19th. Reduced fare on all railroads.

VOL. XCVII—NO. 42. WILMINGTON, N. C., THURSDAY MORNING, NOVEMBER 4, 1915 WHOLE NUMBER 39,372

ALLIED SUPPORT FOR SERBIA SEEMS TO BE ABOUT MATERIALIZED

Anglo-French Troops Arriving Daily and Are Aiding in Checking Bulgars.

SERBIANS FIGHT HARD

Apparently Are Making Good Their Escape From the Austro-German Armies.

Rumania May Allow Russians to Cross Her Territory.

London, Nov. 3. — The vigorous support which Herbert H. Asquith, the British Premier, and Aristide Briand, the new French premier, have promised Serbia, seemingly is about to be realized. Besides the Anglo-French troops, including British cavalry, who are already in southern Serbia, British and French transports are arriving daily at Saloniki, and the troops from them are being sent up the country immediately to attempt to check the Bulgarian march from Veles toward Monastir.

Also Landing at Kavala.

Other transports, according to a Sofia dispatch, have landed troops at Kavala, a Greek port on the Aegean sea near the Bulgarian border. At the same time the diplomats continue their efforts to secure the support of Greece and Rumania for Serbia, who fought with them in the last Balkan war.

As time passes, however, Serbia's position grows more critical. The Austro-German drive from the north is proceeding slowly, but surely, while two Bulgarian armies are approaching Nish, from which place the Serbian government has moved to Mistrovitza, over near the Montenegrin frontier. The Serbians, nevertheless, are fighting stern defensive battles, and from the German accounts it is apparent that their main armies are making good their retreat and leaving, as the Russians did in Galicia and Poland, very little except what cannot be moved—such as copper mines—for the invaders.

There is no further news of the Russian expedition which several days ago was reported off Varna, Bulgaria's chief seaport. The opinion is held in the Entente allied countries that Rumania, where there is continued agitation in favor of intervention on their side, will allow the forces of Emperor Nicholas to move across her territory.

Russians Win Another Victory.

If this decision is reached, it is believed that it will be influenced by the activity of the Russian army in Galicia, where, according to the Russian official reports, General Ivanoff has won another victory over the Teutons on the Stripa river. Further north of Volhynia, there is also heavy fighting, and the Russians claim to have checked an Austro-German offensive which had as its object the capture of Czartorysk.

In fact, all along the eastern front the Russians, according to the German official report, are making a series of attacks from the Gulf of Riga to Rumania. It is admitted that the Germans were compelled to withdraw their lines in the Lake district, but the other Russian attacks are claimed to have been repulsed.

In the west unfavorable weather is interfering with the operations.

Both French and British submarines are now in the sea of Marmora, where the French submarine Turquoise was recently sunk by the Turks.

BRITISH CAPTURE SUBMARINE.

Daily Post Reports Entrapping One of Latest German U-Boats.

Liverpool, Nov. 3.—The Daily Post publishes a report of the capture of one of Germany's latest super-submarines, 250 feet long and carrying in addition to torpedo tubes, four guns of fairly large calibre. The submarine was launched at Stettin a fortnight ago.

RUSSIA WARNS PERSIA

Regarding Rumors of Special Agreement With Germany and Turkey.

Petrograd, (via London), Nov. 3.—Russia has notified the Persian government that the Anglo-Russia convention providing for the maitnenance of Persian integrity and independence will at once lapse if the rumors prove true that Persia has concluded a special agreement with Germany and Turkey. This information was conveyed to the Persian government by the Russian minister at Teheran.

The minister's declaration, it is explained, applies not only to the present cabinet but to any Persian government that should think of linking the fate of its nation with that of countries at war with Russia.

KING GEORGE IMPROVING.

But He is Still in Pain and Did Not Spend a Good Night.

London, Nov. 3.—The physicians in attendance upon King George, injured last week by the fall of his horse, gave out the following bulletin today: "The king has not had so good a night. He is still in some pain. His general condition has improved, and he is now able to take solid food."

MAKING EXTENSIVE INQUIRY ON TRADE

For Securing Referendum on Export Combinations.

ARE THEY PROHIBITED?

Federal Trade Commission Working to Promote American Trade in the World Markets—Seeks Much Information.

Washington, Nov. 3.—A canvass of American manufacturers, producers, exporters and others interested in the foreign trade has been undertaken by the Federal Trade Commission in an effort to secure a "broad referendum on the advisability of export combinations." It was announced today that 30,000 letters of inquiry were being sent out.

Some of the inquiries, says the commission's announcement, "are designed to assist the general understanding of business men as to whether the anti-trust laws prohibit export combinations among American manufacturers."

Other questions are expected to develop information regarding "dumping" by foreigners in the United States or in other markets. Information is also sought concerning foreign combinations and other conditions affecting American export trade. Since the recent public hearings on export business the commission has been engaged in systematic research work on the subject.

"In addition," the statement adds, "agents will be sent abroad to study conditions, and assistance will be extended by the State Department through United States consuls, and by the Commerce Department through commercial attaches.

"The European war has so affected the world trade that American enterprise has a peculiar opportunity to supply the wants of foreign markets. The commission therefore deems it to be its duty to complete an investigation which may assist Congress in determining what action may be required in the public interest for the promotion of American foreign trade."

POU FAVORS DEFENSE PLANS

North Carolina Congressman Confers With President.

Washington, Nov. 3.—Representative Pou, of North Carolina, ranking member of the House Committee on Rules, conferred with President Wilson today about the legislative programme and the plan for National preparedness. Mr. Pou said he assured the President of his strong support for the army and navy appropriations.

"I told the President," said Mr. Pou, "that it was somewhat significant that two living former Presidents and the President, while they differed on many other subjects, were together on the question of national preparedness."

FRENCH ENVOY TO GET COPY OF LATEST NOTE

American Protest to Britain Also Concerns France

Emphatic Condemnation and Protest to Certain Features of the British Orders in Council Are Contained in the Note.

Washington, Nov. 3.—At the instance of the British embassy, copies of the latest American note to Great Britain protesting against interferences with neutral shipping will be handed the British ambassador and the French ambassador in Washington simultaneously with the delivery of the note by Ambassador Page to the British foreign office. This is in recognition of the fact that France is equally concerned with Great Britain in the subject matter of the note.

It is learned that Secretary Lansing's note contains some sharp passages and is very emphatic in condemnation and protest against several features of the British Orders in Council. Objection is made particularly to that part of the British Order in Council under which cruisers have diverted from their voyages and detained for long periods in British ports American vessels bound for the neutral ports of northern Europe.

Though the issues are understood to be strongly presented by the United States, they are not regarded as beyond the reach of diplomatic treatment at this stage. It already has been intimated by Sir Edward Grey in the British parliament, however, that the whole subject may be rapidly nearing a phase when a peaceful and satisfactory adjustment can be reached only by means of an international commission.

ELECTION RESULTS ARE ENCOURAGING TO THE DEMOCRATS

Walsh Polled Largest Vote Ever Given a Democrat in Massachusetts.

MARYLAND "REDEEMED"

Elected State Tickets in Two Out of Three Gubernatorial Contests.

Washington, Nov. 3.—A statement issued tonight from the headquarters of the Democratic National Committee, commenting on the results of yesterday's elections, said:

"The results yesterday show that while the Republicans and Bull Moose have gotten together in some states, the Democracy has made large gains from the Progressive ranks. This is notably true in Massachusetts, from which state the first official returns are available.

"The Democratic gubernatorial candidate, Governor Walsh, made a wonderful race. He polled the largest vote ever given a Democrat in the state, while Mr. McCall, the Republican candidate, ran way behind the normal Republican vote given party nominees in recent years. The boast of the Republicans in Massachusetts that they would carry the state by from 25,000 to 40,000 majority remains unfulfilled.

"The total vote given Walsh yesterday was 229,812, while McCall received 235,918 votes. The vote for Governor Walsh was nearly 20,000 greater than that he received two years ago, and 37,000 more than he received in 1912. President Wilson received only 173,400 votes as against 298,175 for Taft and Roosevelt. Taft received 265,966 votes in 1908, which is 30,000 more than the vote given McCall yesterday.

Old Line Republican Ticket.

"In this connection the important fact should not be overlooked that Massachusetts is one of the old line Republican states. It has elected Republican legislatures and Republican United States senators for generations. The Democratic party, which has always been the minority party, is stronger in the state today than it has ever been before.

"There were three state election results yesterday where governors were chosen. The Democrats elected their state tickets in two of these three states. While they lost the governorship in Massachusetts, a heretofore strong Republican state, they elected a Democrat to replace the present Republican governor in Maryland.

"In Kentucky, the Democrats elected their candidate for governor, Hon. A. O. Stanley, whose election was opposed by a number of Republican spell-binders of national reputation, including former Vice President Fairbanks. The fine victories in two of these closely contested states, and the very remarkable race made by the party leader in the other is highly gratifying to the National Democracy for all of these states have been in the Republican fold during the past few years.

"Maryland now has a Republican governor, who is displaced by a Democrat; Massachusetts has given its electoral vote to every Republican presidential candidate in recent years until the election of President Wilson, and less than four years ago. Kentucky had a Republican governor.

"The results yesterday are full of encouragement to Democrats, demonstrating conclusively that it is the conservative and gaining party while the Republicans have signally failed in their efforts to force back into the ranks Progressives and Independent Republicans.

"One of the very gratifying results yesterday was the defeat of the legislation submitted by Governor Willis and the Republican leaders in Ohio to gerrymander the congressional districts of the state so as to give the Democrats only five congressional districts."

CHAIRMAN HILLES TALKS

Sees No Comfort to Democrats in Results of Elections.

New York, Nov. 3.—Charles D. Hilles, chairman of the Republican National Committee, tonight issued the following statement on the results of yesterday's election:

"The result of yesterday's election must be discouraging to some but gratifying to the National administration. The contest in the Democratic state of Maryland is so very close that the result will be in doubt until decided by the official canvass. In the Democratic state of Kentucky, where National questions were lugged in by the Democrats to avoid a drubbing, the Republicans have shown their old time form. We have carried Cincinnati by the largest plurality ever given a candidate in that city.

"The Republicans have retained control of the legislature in New York and New Jersy; have elected local officers in up-state New York and all officers in Philadelphia.

"They have swept Massachusetts by pluralities ranging from 10,000 to 30,000, electing all state officers and 160 Republican members of the legislature against 79 Democrats.

"We have carried the one congressional district in Pennsylvania and three in New York, one of which, the 23rd New York, has been held by a Democrat. It is significant that the issues discussed in Massachusetts and the 23rd New York by men of national note were wholly those arising out of the domestic policies of the national administration. William S. Bennett, elected in the 23rd New York, made the protective tariff his keynote and

CONFIDENCE GIVEN IN BRIAND REGIME

Vote of French Chamber and Senate is 515 to 1.

AMID GREAT APPLAUSE

Sessions Were Punctured With Outbursts of Enthusiasm—Censorship Attacked—Briand Shows His Great Mastery.

Paris, Nov. 3.—The ministerial declaration made today by Aristide Briand, the new premier, was favorably received in both the chamber of deputies and the Senate, and a vote of confidence of 515 to 1 was given the government amid great applause. The Premier's announcement that "France will not sign a peace agreement until after her restoration by right of victory, and until she shall have obtained all guarantees of a durable peace," was greeted with enthusiasm. M. Renaudel, the socialist leader, in a speech declared that France should annex none of the territory captured from enemies of France. This was taken to mean that the socialists were opposed to the recovery of Alsace and Lorraine and the deputy's utterances brought forth tumult and violent protests.

When order had been restored, there came another outburst of enthusiasm, following a reply to M. Renaudel, by Deputy Andre Maginot, who is still suffering from a wound received in battle. In the name of the soldier at the front, M. Maginot declared that M. Renaudel had no authority to speak for them.

Censorship is Attacked.

Deputies Renaudel, Emile Constant and Remeil attacked the censorship and demanded that there should be entire liberty of the press on political questions.

Several interpellations not essentially hostile to the cabinet but more in the nature of quests for guarantees as to the policy of the government, gave Premier Briand the occasion to show once more his great mastery over the chamber, his broad grasp on all questions and his dexterity in meeting emergencies. The premier was never more eloquent than in his simple development of the government's views and in replying to the interpellations.

"We are at war," said the premier. "The hour is for action. Towards action all the efforts of the government must be directed. The essential task of the government is the utilization of all the vital forces of the nation with a view to war, and to combine and associate with this object all public services. Only by close and incessant cooperation will victory be obtained. Every one must accomplish his task. Once all responsibilities are establish-

(Continued On Page Eight.)

War News at a Glance

There has been hard fighting in the Serbian, Russian and Austro-Italian theatres and at least one attack of note in the Champagne region of France. In Serbia the Austrians and Germans continue progress everywhere, but the Bulgarians have had to give way before superior forces in the Nisava Valley.

The Russians on the eastern front are attacking at various points and successfully counter-attacking at others. Berlin admits that between the Swenton and Ilsen Lakes, in the Dvinsk region, Field Marshal Von Hindenburg's forces had to withdraw and that the Russians occupied the villages of Mikulischki and Plantonostka, taking numerous prisoners and several, machine guns.

Near Novo Alexinize the Austro-Germans were driven from their trenches, according to Petrograd, while near Semikovitze (Sienikowize) in Galicia, 5,000 Austro-Germans were captured.

In the region of Massiges, Champagne, the Germans penetrated some advanced French trenches in an attack preceded by a heavy bombardment. Paris says, however, that elsewhere the Germans were repulsed with material losses. Artillery and mining operations have been engaged in on other points of the western front.

The Italians are still bombarding heavily the Gorizia region of the Austro-Italian front and at several points have made infantry attacks. These attacks have been repulsed, according to their Vienna, which says several Italian regiments lost half their effectives.

A news agency dispatch says Tchesme, in Asia Minor southwest of Smyrna, has been bombarded by four entente torpedo boat destroyers, which levelled the forts, the old barracks and a large part of the Turkish quarter.

The Russian foreign office in a statement just issued, places on record that Russia is ready to recognize the territorial enlargements which Greece needs in Europe and Asia Minor, as well as the justice of Rumania's right to realize her national ideal. Russia still holds out the olive branch to the Bulgarians and is ready to proffer a friendly hand to them when they take their place on the side of the Entente Allies.

The Persian government has been notified by Russia that if Persia has signed a special agreement with Germany and Turkey, the Anglo treaty for the maintenance of Persia's integrity will be allowed to lapse.

The semi-official Overseas News Agency of Berlin denies as "pure invention" recent report that Germany was disposed to prepare the way for peace negotiations.

VILLA'S MOVEMENT PUZZLES OFFICERS ALONG THE BORDER

Army Withdrawing From Agua Prieta; May Intend Attacking Coast Cities.

MEN IN WANT OF FOOD

Villa Has Brief Interview with General Funston Across Boundary Line.

Douglas, Ariz., Nov. 3.—Whether General Francisco Villa intends to press home his attack on Agua Prieta, or play for bigger game—the western coast cities of Guaymas and Mazatlan—which would give him ports for securing much needed supplies, is puzzling both the American army officers here and the Carranza forces in Agua Prieta tonight. The Villa army began early today moving away from Agua Prieta toward Naco and tonight that little border town reported 500 Villa troops already had reached that point. Approximately 4,000 others were reported by train passengers as having been seen along the road leading toward Naco.

It is known, too, that Villa agents have been endeavoring to purchase much needed supplies of flour and corn, and preparations have been made at Naco to take care of those wounded in Monday's fight around Agua Prieta.

Still Within Few Miles.

On the other hand, General Calles' scouts report that the main body of Villa's army, reinforced during the day by an unknown number of men from the east, is still within a few miles of Agua Prieta, while the forces of General Urbalejo, the Yaqui chieftain, numbering about 1,500, are still farther in. Villa has succeeded in getting near to a water supply at Calladones and Anavacachi Pass and limited food supplies have also reached him. All day long, too, wagon trains, loaded with supplies of ammunition have been passing from the east.

Brig. Gen. James Parker arrived today from San Antonio, Texas, to observe the military operations. Villa soldiers who came to the border pleading for food and water, said General San Ramon, a former Zapatista, was killed Monday at a water hole southwest of Agua Prieta.

Villa troops camped there today, after being unsuccessfully attacked by the Calles cavalry detachment. Members of the Villa party were famished and though United States soldiers are forbidden to give them food or water, many Mexicans rejoined their comrades with pails of both food and water while the Americans turned their backs.

Desperate Need of Provisions.

The Villa army's desperate need of provisions was described by a deserter taken prisoner by Americans. "For 15 days this is all that many of us have had to eat," he said. He dug into the pocket of his coat and pulled out a handful of raw corn and wheat. Two or three Villa officers who came to the slaughter house on the international line, east of Douglas yesterday, to fill their canteens, were gnawing at pieces of black dried beef.

A brief interview between General Funston and General Villa took place yesterday over the barbed wire fence marking the international line, a short distance from Agua Prieta. Villa assured General Funston that he wished to avoid bringing American troops into the conflict. What else was said is not known.

General Villa was said to have been told that another situation like that of Monday night, when hundreds of bullets struck on the American side and one American soldier was fatally and several others hurt, would result in serious consequences.

INTENDS TO STOP RAIDS.

Carranza Assures United States Bandits Will be Punished.

Washington, Nov. 3.—Assurances reached the State Department today from General Carranza that raiding by Mexican bandits along the American border would be stopped as quickly as possible and that those found guilty of bandit operations would be punished. General Carranza made his statement personally to John W. Belt, the American representative with the de facto government, with the request that it be conveyed officially to the State Department. He said he would make a personal investigation of the border situation.

"In this connection," the State Department announced today, "it is stated that experienced and reliable troops will be stationed on the Mexican side of the border and that the Mexican secret service will be utilized in co-operation with the military authorities of the de facto government in locating and punishing offenders."

The retreat of Villa troops from Agua Prieta has temporarily disposed of the question of whether United States troops should be authorized to cross the border in protecting American lives and property. It was said at the State Department that no action had been taken on a suggestion from General Funston that such a step might be necessary. It was pointed out, that if at any time, it was desired to send troops across the line permission would first be asked of the de facto government and that there was ample precedent for this.

WOMEN LOST BALLOT IN PENN STATE BUT BY 50,000 MAJORITY

EFFORTS TO CRUSH JOY LINE ALLEGED

Another Chapter in Trial of New Haven Directors.

HALL'S LETTERS READ

Government Alleges that Line Was Eventually Acquired by New Haven and Then Used to Crush Another Line.

New York, Nov. 3.—The alleged efforts of the New York, New Haven & Hartford railroad to crush out the competition of the Joy Steamship Company began a new chapter today in the testimony being presented by the government to prove that William Rockefeller and ten other directors of the road are guilty of having conspired to monopolize the transportation traffic of New England.

The government alleges that this line was eventually acquired by the New Haven and secretly operated as an independent to put another independent line out of business. The testimony today which consisted chiefly of the reading of letters written by the late John M. Hall, of the New Haven, was intended to show how the competition of Joy Line between New York and Providence, R. I., became in 1900 a thorn in the side of the New Haven.

On July 3, 1900, Hall wrote to J. M. Miller, the New Haven mine superintendent in New York, that "this (Joy Line) competition is getting serious and will have to be treated in some way, although it is difficult in view of the state of public feeling in Providence."

On July 10 Hall wrote to Edward G. Buckland, an attorney in Providence, in reference to criticism of the New Haven by the Providence Journal and stated that the New Haven would reduce its steamboat fare from that city to New York to one dollar.

"The wicked Journal will probably say," wrote the New Haven president, "that this is done to crush out the business of the Joy Line but you and I know that we have only yielded to the urgent demand of the people of Providence for cheaper service."

On the same day Hall wrote to J. M. Williams, general freight agent, of Boston, that the New Haven was putting on the steamship Massachusetts to run from Providence at the dollar rate in competition with the Joy Line steamer.

A few months later a proposition to sell the Joy Line to the New Haven came up, but was not accepted at that time, according to correspondence that passed between Hall and Charles F. Brocker, of Ansonia, Conn., one of the defendant directors. Brooker on November 27 wrote to Hall:

"Do you want to say anything about the Joy Line? Am told outside parties are negotiating with Dumbaugh (president of the Joy Line). If you want to look into it let me know."

"We certainly don't want to buy the

(Continued on Page Eight.)

WHITLOCK TO RETURN HOME; IN ILL HEALTH

American Minister Acting on Physicians' Orders.

Officials State That So Far as They Know the Minister's Departure From Belgium is Entirely on His Own Initiative.

Washington, Nov. 3.—Brand Whitlock, American minister to Belgium, cabled the State Department today that he was preparing to return to the United States for a vacation, on account of ill health. Mr. Whitlock's decision to return home, he advised the Department, was in pursuance of orders from his physician. Officials had known of his ill-health for some time, and several weeks ago he was instructed to leave whenever his condition required it.

In view of rumosr published abroad that Germany had asked for the recall of Mr. Whitlock, on account of his report on the case of Miss Edith Cavell, the nurse executed for assisting British and Belgian prisoners to escape, officials stated emphatically tonight that the minister's departure, so far as they are aware, was entirely of his own initiative and in no way connected with the Cavell incident. They pointed out that permission to leave had been granted before Miss Cavell was arrested, and said they saw no reason why he should not return to Belgium after he had recovered from his illness.

Mr. Whitlock himself reported yesterday that he felt embarrassed as a result of the publication by the British foreign office of his letters to Ambassador Page on the Cavell case, but added that the German military authorities seemed satisfied with the ex-

(Continued on Page Eight.)

Progressives Failed to Retain Standing as Political Party in Massachusetts.

RESULTS OF ELECTIONS

Prohibition in Ohio Defeated by Majority Estimated from 30,000 to 40,000.

Majority Against Suffrage in New York About 175,000.

The dropping of the majority against woman suffrage in Pennsylvania to approximately 50,000, and the failure of the Progressives to poll enough votes in the Massachusetts gubernatorial race to maintain their legal standing as a political party, are the outstanding features of the latest returns from Tuesday's state elections. Throughout yesterday the majority against suffrage in Pennsylvania, estimated at times as high as 200,000 decreased. This, with the additional news that twenty-five out of 67 counties in the state had carried for suffrage, gave its supporters great encouragement.

Suffragists Get Heavy Vote.

Although suffrage was defeated in New York, more than 500,000 votes were cast for it. The majority against was about 175,000.

In Massachusetts woman suffrage was defeated by a majority of 132,083 the vote being 163,406 for and 295,489 against.

In Ohio, state-wide prohibition was defeated by a majority estimated on almost complete returns from 30,000 to 40,000.

Other results of the state elections were:

Massachusetts—Samuel W. McCall, Republican, defeated David I. Walsh, Democrat, for governor by a plurality of 6,606. Republicans gained one in the Senate and 16 in the House, both of which they control.

Maryland—Emerson C. Harrison, Democrat, defeated Ovington E. Weller, Republican, for governor by a plurality of 3,504. Democrats retained control of both houses of the state assembly.

Kentucky—Nearly complete returns gave A. O. Stanley, Democrat, a majority of 7,769 over Edwin P. Morrow, Republican, for governor.

New York—Republicans elected William S. Bennett to Congress from a Democratic district, the 23rd, and also elected 98 of the 150 assemblymen.

New Jersey—Republicans recorded general legislative gains, which will give them control of the state assembly on joint ballot.

Virginia—Fusionism in Norfolk county was defeated by straight out Democrats and Republicans added three or four representatives to the house from the only Republican district of the state.

SUFFRAGISTS BADLY BEATEN

May Have Lost By Over 175,000 Majority in New York.

New York, Nov. 3.—Later returns on the state-wide election in New York yesterday show that suffrage probably will be beaten by more than 175,000 while the majority against adoption of the revised constitution may exceed 460,000.

Up-state votes today decreased the majority against suffrage and increased it against the constitution. Both suffragists and friends of the constitution expected to poll their greatest strength up-state.

With 359 of the 9,713 election districts in the state missing tonight the suffrage vote stood 511,468 for and 895,075 against. Continued returns at this ratio would mean that the proposal had been beaten by 184,242.

In 4,630 districts out of the 5,713 in the state the majority against the constitution was 419,460.

The personnel of the assembly appears to be definitely settled. There will be 98 Republicans, 50 Democrats, one Progressive-Democrat and one Socialist. This will be a loss of one each for the Republicans and the Progressives and a gain of one each for the Democrats and the Socialists.

No candidate running on a straight Democratic ticket won in any of the supreme court faces. It appeared for a time today that Congressman John J. Fitzgerald, of Brooklyn, had won in the second district but late returns gave the victory to Stephen Callaghan, a Republican. Fitzgerald will return to Congress from which body he did not resign to make the race.

Tammany is joyful over the outcome in New York county, having elected Judge Edward Swann district attorney, Aldred E. Smith, sheriff, and a majority of the board of aldermen.

Mayor Mitchel attributed the Democratic victory in New York city to the direct tax imposed by the Republican state administration this year.

The mayor's statement was about the only one forthcoming. Elihu Root took a train for the country without making any comment on yesterday's results. Other leaders were silent. Suffragists, however, talked cheerfully, even in defeat. They were at their various headquarters laying plans for a contiuation of the fight. A mass meeting will be held at Cooper Union tomorrow night to decide on their future line of action.

JOHN DAUBERT DEFEATED.

Republican Opponent for Alderman Wins by 1,500 Majority.

New York, Nov. 3.—Complete count of the vote in the 59th aldermanic

(Continued On Page Eight)

SPECIAL COUNTY ACT KILLED BY STATE LAW

Cumberland Lawyer Decided Against by Supreme Court.

J. H. Johnson, Sentenced for Selling Wine, Loses in Long Fight—Holly vs. Assurance Corporation, New Hanover, Reversed.

(Special Star Telegram.)

Raleigh, N. C., Nov. 3.—Associate Justice Walker writes the opinion of the Supreme Court holding that the general State prohibition act and not the special Cumberland county statute applies in the sale of wine in that county, and that in the enactment of the State prohibition law the State evidently intended that all acts upon this subject be brought into one harmonious body of laws so that they could be enforced together and without conflict with the leading intent that in the case of wines there should be no sales, by makers, of wines in less quantities than 2 1-2 gallons to an individual.

In the case of State vs. J. H. Johnson, a lawyer, in which the defendant is under conviction and road sentence for selling one gallon of wine to Charles Perry, his plea was that he sold two gallons and the parties, of whom Perry was one, divided it after purchase, and that the Cumberland act in effect prior to the State prohibition act allowed two gallons sales and that this act was not repealed by the State prohibition law.

Johnson had been repeatedly convicted for former offenses and, as the court expressed it, "been pursued by officers four years," and was under judgment of good behavior. The Cumberland law permitted sales of wine in two-gallon quantities and the State prohibition law in not less than 2 1-2 gallons. The court suggested in concluding the opinion that if Johnson is suffering any hardship and really was honestly striving to comply with law in the sale for which he was indicted, he can seek pardon at the hands of the Governor, as the courts are powerless to relieve him.

The full list of opinions follows: Cooly vs. Lee, Sampson county, affirmed; Bank vs. Lane, Lenoir, reversed; Ellington and Guy vs. Norfolk Southern Railway Co., Lenoir, reversed; Biggs, receiver, vs. Bowen, Cumberland, affirmed; Jones vs. Lassiter, Wake, affirmed; State vs. Townsend, Robeson, affirmed; State vs. Johnston, Cumberland, no error; Hale-Bryant Lumber Co., vs. Blue and Sykes, Cumberland, reversed; in re will of Mueller, Cumberland, no error; Baldwin vs. Atlantic Coast Line Railway Co., Columbus, no error; Gainey vs. Telegraph Co., Cumberland no error; Holly vs. Assurance Corporation, New Hanover, reversed; Bank vs. Lennon, Robeson, no error; Frank et al. vs. Tyre, Columbus, modified and affirmed; Realty Company, vs. Carter, Robeson, affirmed; Townsend, executor, vs. Rowland, administrator, Robeson, affirmed; State vs. Taylor, Caswell, affirmed; State vs. Gibson, Rockingham, no error; Richardson vs. Hobgood, Granville, dismissed; Howerton vs. Scherer, Durham, no error; Brown vs. Foundry Company, Forsyth, reversed; Crotts vs. City of Winston-Salem, Forsyth, action dismissed.

NOTICE TO MARINERS.

Relief Light Vessel Temporarily at Frying Pan Shoals.

The weekly Notice to Mariners issued by the Hydrographic Office of the Navy Department contains the following notice of change in light vessel at Frying Pan Shoals:

"Frying Pan Shoals Lightvessel to be withdrawn from station—Relief lightvessel—About November 10, 1915, Frying Pan Shoals lightvessel will be temporarily withdrawn rrom her station, and the station will be marked by a relief lightvessel.

"The relief lightvessel is a steamer with a tubular mast surmounted by a lantern and gallery. The hull is painted red with middle section white and the word 'Relief' in black on each side, and the stack, mast and lantern black.

"The relief vessel shows one fixed white light of about 700 candlepower, 48 feet above the water. The fog signal sounds signals having the same characteristics as those of the station vessel."

OLSON'S BELT ON DISPLAY.

International Middleweight Champion to Wrestle Here Friday.

For the benefit of the doubting Thomases of the sincerity of the men who are to wrestle here Friday night, Thor Olson, the international middleweight champion, has placed his belt on display in the window of the A. David Company, on North Front street. It is there for inspection.

Olson and Hanson will wrestle in Woolvin Hall Friday night, barring both the toe-hold and the strangle hold. Olsen has but a few pounds on Hanson, although his record is something to be wondered at. The local fans are beginning to know Hanson pretty well and know that he will give the Buckeye man a tussle. Just the fact alone that the other fellow is good and that the uncanny sight of a toe, or strangle hold cannot end the match, assures something worth looking at, for they all know Hanson has some scientific metal in him.

SCHOOLS OBSERVE ARBOR DAY.

Interesting Programmes Tomorrow in the City Schools.

Interesting programmes have been under preparation for several days in practically all the schools in the city and tomorrow will be a big day among the pupils and teachers, who will in this way celebrate the day set apart for the instruction of people in the matter of preserving the trees and birds. It is understood that the day will be more generally observed in North Carolina than ever before.

A manual compiled by the North Carolina Geological and Economic Survey for use in the public schools, has been in the hands of the Board of Education and the superintendent of public instruction for some time.

The colored schools of the city will meet at the Williston school tomorrow also for the purpose of celebrating Arbor Day.

Norfolk, Va., Nov. 3.—Chief Surgeon Perrenon, of the German cruiser Kronprins Wilhelm, interned at the navy yard, was found dead yesterday in his state room, it was learned today. Heart failure is believed to have been the cause. He was a line officer in the German navy with rank of captain.

DESCRIBES THE SERB RETREAT AS TRAGEDY

"Retreat of a People, Not An Army," Says Writer

"The Great Stream is Flowing Southward, Whither Nobody Knows" —Story Relates Pitiable Scenes of Procession.

London, Nov. 3.—A story of the Serbian tragedy, received from Nish by way of Milan, from the pen of Luciano Magrini, an Italian war correspondent, is printed by The Evening News. The writer characterized the clearance of northern Serbia as "the retreat of a people, not an army."

The correspondent describes the scene on a muddy road leading to the south, along which was strung an unending procession of gun carriages, carts loaded with war material, conveyances of all sorts bearing women, chidren, old men, the sick and the wounded, with, at intervals, flocks of sheep and droves of pigs and of soldiers walking side by side with peasants. At the sides of the road stood groups of peasants waiting until they were able to take their places in the process.....

"The great stream is flowing southward," says the writer, "whither nobody knows." The wounded were a pitiable sight. Some swathed in bandages were carried on stretchers, while others wore bandages, but no stretchers were available. Still others who had been wounded but whose hurts had not even been bandaged, trod the road with the procession.

At Topola, King Peter, ill and weak, was waiting to retire with the rear guard of his troops. Arriving at Nish, the correspondent found the city bearing a squalid aspect. Almost all the shops were closed and many of the inhabitants had fled. On the main street were still flying the flags which had been hoisted in honor of the Allies who had been expected but who had never come.

"Nish is isolated," continues the correspondent. "M. Youvanovich, the Serbian minister of justice, said to me: 'We lived through the tragic hour when Bulgaria mobilized. In vain we besought the Entente Allies to allow us to act and attack Bulgaria before her mobilization was complete. The entente was still under the declusion that Bulgaria would march against Turkey. We obeyed, and that was our ruin? The situation now is terrible. If the allied troops do not come in time you will on your return find Serbia no more. The fate of Belgium will have been ours.'"

LOSS OF LIFE IN WRECK OF STEAMER NOT YET DETERMINED

Eight Bodies Recovered and Several Others Are Missing.

Marshfield, Ore., Nov. 3.—What was the exact loss of life resulting from the wreck of the North Pacific-Steamship Company's steamer, Santa Clara, which went ashore on the south spit near the entrance to Coos bay yesterday, remained undertermined tonight. The number of bodies recovered stood at eight, of which six had been identified as passengers, includng four women and a child.

Two others of the ship's crew are believed to have been lost and six or eight passengers were unaccounted for. Several of these may have failed to report their safety after having been taken ashore. Captain Lofsed, of the vessel, reported lost, succeeded in reaching shore safely. The Santa Clara carried 48 passengers and a crew of 43.

All the loss of life occurred when several of the life boats were swamped after being lowered. The beaches for several miles tonight were being patrolled for bodies or survivors.

LITTLE TOT KILLED BY STREET CAR IN NEWBERN

Run Under Car at Side, Crushed by the Rear Trucks—Motorman Not Blamed.

(Special Star Telegram.)

Newbern, N. C., Nov. 3. — Virginia, the three-year-old daughter of B. F. Hagood, was run over and instantly killed on Pollock street this morning, by a street car in charge of Philip Weiss. The motorman saw the child when he was half a block distant and at that time she was sitting down on the side of the street.

When the car was about ten feet distant she arose and darted toward the track. The child did not strike the front of the car, but ran underneath it, and was run over by the rear trucks. Death was instantaneous. Statements made by witnesses exonorated the motorman from blame.

INVESTIGATING RESTRICTIONS AGAINST CARGOES OF TOBACCO

British Embassy Acting at Instance of State Department.

Washington, Nov. 3.—The British embassy, at the instance of the State Department, began today an inquiry into the situation with respect to British restrictions on American shipments of tobacco to neutral European ports. Southern representatives in Congress has told Secretary Lansing that difficulties imposed by Great Britain upon tobacco exports to neutral countries have been practically prohibitive, and that as a result virtually all of the crops of the past two years are still stored in the warehouses here. The department was asked to take up the matter with the British government, esparately as a non-contraband traffic question.

TREATMENT CURES CANCER

New Discovery Has Been Successful in Number of Cases.

Evansville, Ind., Nov. 3.—Dr. C. A. Pope, of Louisville, announced at a meeting of the Ohio Valley Medical Association here today that the use of autolysin, a recent discovery in cancer treatment had proved satisfactory in a number of cases. Dr. Pope said that he would continue his experiments for a year at least before branding it as absolute cancer cure. So-called "hopeless cases" had yielded to autolysin treatment, he said.

How Germans and Bulgarians Are Opening the Road for Their Troops to Constantinople

1-AUSTRO-GERMAN ADVANCE INTO SERBIA.
2-WHERE GERMANS and BULGARIANS HAVE JOINED FORCES.
3-BULGARIAN ADVANCE

The territory in black on the map shows where the Austro-German forces have joined hands with the Bulgarians in northeastern Serbia. The rough mountainous country along the Danube is now cleared of Serbian defenders, but before Germany can send any aid of importance to Turkey she must control the Orient railway as far south as Nish.

The Austro-German move south down the Moravia valley makes slow progress. In the south the French and British have joined the Serbs defending the Nish-Salonica railway and have driven the Bulgarians who occupied Kupsill as far east as the outskirts of Nish.

FIRE AT METHODIST ORPHANAGE.

Main Building at Raleigh, Slightly Damaged—No Child Hurt.

(Special Star Telegram.)

Raleigh, N. C., Nov. 3.—The main building of the North Carolina Methodist Orphanage was slightly damaged by fire this morning, the flames being discovered in the northeast corner of the third floor by one of the children. Fortunately the children were assembled at the time in another building. The city fire department was summoned, but the flames were extinguished before the firemen arrived through the strenuous efforts of the residents. The origin is unknown.

THE GREATEST BLOOD PURIFIER EVER DISCOVERED

Thousands bears testimony to a remedy that has stood the test of over half a century—S. S. S.

Possibly there is no remedy ever compounded by the hand of man that has been able to show such a clean record for the wonderful effect it has had in remedying the ills of men and women. The library of the Swift Spesific Company in Atlanta is a veritable treasure chest of testimonials, setting forth in distinct and indisputable language how S. S. S. has banished the horrible suffering of Rheumatism. There are thousands and thousands of letters from grateful fathers who have at last the knowledge that the hereditary taint that was discovered in their blood will not have to be handed down to their children. Here are wonderful records to tell where the horrible suffering of Catarrh has gone forever, where skin diseases that have disfigured the face and features have left them as clean and wholesome as nature intended them to be. Cases of Eczema, or Salt Rheum, Tetters, Rash—case after case of so-called skin diseases which have been brought to bay by the marvelous tonic effects of S. S. S. Tell-tale Scrofula no longer has its terrors, for the famous remedy, like a guardian angel, stands ready to banish it. The chief thing for the sufferer from blood diseases, and Rheumatism is one of the worst of them, is to realize that they cannot be cured by rubbing, by douches of hot water, salves, lotions or any outward or external treatment. These remedies that soothe often do no more than aggravate the trouble in the long run. Believe that even pimples are the danger signal of bad blood and treat the blood and not the pimple and the relief is sure.

Medical advice is free to any sufferer from blood disorders or skin diseases. You know your symptoms. This is the opportunity to secure special advice from Physicians who have for fifty years been making a study of blood diseases, particularly Poison Blood, Rheumatism, Scrofula, Eczema, the hardening of blood vessels from old age. Write today for special advice. Avoid substitutes. If you suffer from any of the troubles mentioned go straight to your druggist and get a bottle of S. S. S.—then write us. The Swift Specific Company, Medical Department, Room 12, Atlanta, Ga.

NEVERBREAK
(Patent Pending)

Wardrobe Trunk
Number 100
$15.00
Roomy—Not Bulky

Holds a more elaborate wardrobe than many a much larger trunk, because the clothes don't just "lay in it"—*they fit into it!* Yet when filled to capacity it "falls below" the excess baggage limit. Fills to perfection a long felt need in luggage.

The Removable Garment Rack

Nothing like it on the market. Locks itself, swings on a pivot and gives access to all the garments at once. You can lift it bodily (clothes and all) from the trunk and hang it away in your closet on hooks or nails.

Three-ply veneer body—fibre covered. Extremely durable and serviceable.

Just $15.00 and Guaranteed for 5 Years

Migraine or Sick Headache

Dr. J. J. Caldwell says that this exceedingly distressing disease does not shorten life, but does not appear to be curable. Sufferers from this affliction are condemned to undergo the periodical attacks every few weeks until they are forty years of age, after which the attacks are less frequent, and finally disappear entirely. Palliative measures during the attack are all that it is possible to suggest, while care in the diet is the best preventive measure. An attack may often be prevented by taking two Anti-kamnia Tablets when the first symptoms appear, and one Anti-kamnia Tablet every two hours during the attack shortens it, eases the pain and brings rest and quiet.

Anti-kamnia may be obtained at all druggists. Ask for A-K Tablets. They quickly relieve all pain.

2000 rolls 2-lb. Bagging.
3000 bdls. New Arrow Ties.

NEW SEAMAN'S LAW IS EFFECTIVE FROM TODAY

Instructions Issued by Department of Commerce

Vessels Making Bona Fide Efforts to Comply With Law Will be Allowed to Clear Even if They Do Not Have Legal Crew.

Washington, Nov. 3.—Under instructions issued today by Acting Secretary Thurman, of the Department of Commerce, American vessels which have made a bona fide effort to comply with the requirements of the new Seaman's law, effective tomorrow, will be allowed to clear, even though they have been unable to secure a crew strictly in accordance with the new law.

Many complaints about difficulties in meeting the requirements of the law have been received. From the Pacific coast both steamship companies and seamen's organizations have protested that the officials charged with the examination of applicants for able seamen certificates have not been able to conduct the examinations in time to provide crews for ships sailing tomorrow.

The law takes effect tomorrow only as to American vessels not admitted to registry under the foreign registry act, as to the latter it becomes effective September 4, 1916. Such parts of the law as apply to foreign vessels will be effective as to treaty nations on July 1, 1916, and as to other nations on March 4, 1916.

NORTHWEST TOWNSHIP ROAD BONDS SOLD TO OHIO FIRM.

Brunswick Issues $10,000 to Take Care of Floating Indebtedness.

(Special Star Correspondence.)

Southport, N. C., Nov. 3.—The board of county commissioners completed its November session yesterday. There was an error in the matter of interest in the Northwest township bond issue, which was corrected, these bonds to bear 6 instead of 5 per cent interest. Bids for these bonds were opened and the award of the entire issue of $15,000 was made to Sidney Spitzer & Company, of Toledo, Ohio, the price, par and accrued interest.

The board entered into a settlement with County Treasurer Russ. After a discussion as to the county's floating indebtedness, it was resolved that this be refunded by an issue of $10,000 of 5 1-2 per cent interest bearing bonds, these in denominations of $1,000 each, and payable one bond annually, until the ten are paid, the date of each $1,000 being December 1, for payment. This resolution was passed unanimously. Owing to press of other matters, the affair as to action on the free ferry was deferred.

The county board of health met last night and again elected for two years as county superintendent of health Dr. J. Arthur Dosher. Dr. Dosher told the board as to the health of the people and gave as his estimate that he had inoculated over 2,200 persons against typhoid fever.

SHEET OF PINK PAPER SUBJECT OF INQUIRY AT LITTLE TRIAL.

Agreement on the Paper With Builders of Submarine K-2 is Alleged.

Boston, Mass., Nov. 3.—A sheet of pink paper was the subject of most of the inquiry tday by the court martial considering charges of neglect and carelessness against Rear Admiral William N. Little, U. S. N., retired, in connection with the building of the submarine K-2. This paper was said by Lieut. Warren G. Child, to have borne an agreement between Rear Admiral Little, as inspection officer, and a representative of the company which installed the batteries on the K-2 that the company would remedy any battery troubles that might develop.

Judge Advocate, Lieut. Com. Alfred M. Johnson, introduced several papers for identification by Capt. G. M. McElroy, naval inspector of machinery, at the Fore River plant. The pink paper agreement was not among them. Captain McElroy said all the reports written by Admiral Little were excellent studies of the subject to which he was assigned.

TO BUILD NORWEGIAN SHIPS.

Norwegian Shipping Men Have Placed Orders With American Builders.

New York, Nov. 3.—Norwegian shipping men, in order to take advantage of the unlimited demand for cargo space, have come to the United States and Latin-America in an effort to increase their fleets. Inquiry among ship brokers today developed that in the past 60 days rush orders for from 15 to 20 steamers, ranging from 3,000 to 7,000 tons each, have been placed for steamship companies in Norway.

Representatives here of Christopher Hannevig, of Christiania, have placed with a Maryland shipbuilding company an order for six tank vessels, each with a carrying capacity of 4,200 tons, to cost about $500,000 each.

JAIL DELIVERY AT BURGAW.

Five Prisoners Escape but Four Are Soon Recaptured.

(Special Star Correspondence.)

Burgaw, N. C., Nov. 3.—With the near approach of court, which convenes next Monday, the anxiety of some of the prisoners to get away culminated in the escape of five of them this afternoon about 3:30. Four of them were re-captured in less than an hour. When the jailer went into the cell to feed the prisoners, one who was hidden behind a blanket in the corridor of the cage opened the door and the five made a break for liberty. The jailer immediately gave the alarm and a posse was soon formed which quickly rounded up four of the prisoners. It is possible that the other one may be captured soon.

BIG MAJORITY FOR FREE RANGE.

Defeat of Stock Law in Pender County No Surprise to Those Informed.

(Special Star Correspondence.)

Burgaw, N. C., Nov. 3.—From the reports received here today from the election on the question of stock law held in Pender county yesterday, it appears that stock law was defeated by a large majority, Caswell being the only township thus far heard from to give a majority in favor of it.

The result was no surprise to people who were at all familiar with the situation. It is fair to presume that those who did not vote were on the side of stock law, as the free rangers were too much interested to fail to get out all the votes available.

THEATRICAL

The Manhattan Opera Company, under direction of Robert Kane, which has been pleasing large audiences every night this week at the Academy of Music, will play tonight the "Bohemian Girl," by Balfe, which was scheduled for tomorrow night. The people of Wilmington are finding it they have a strong company in the city and the audiences have been larger every night since the opening, but few know what a rare treat it will be to hear these pleasing singers in the "Bohemian Girl." It is of special interest to kno wthat Mr. William Loughran, as "Hornstein," the Count's nephew, is playing the same part in this company, he played when the original road company toured the South several years ago. Miss Gertrude Hutcheson who so charmingly sang "Zerlina" Monday night, in "Fra Diavolo," and "Sirpoletto," last night in "Chimes of Normandy," will sing "Arline" tonight. Mr. Gus Vaughan, probably the most popular of all, who appeared here some years ago, and has been the hit of the company this time, will play "Count Arnheim." Popular prices will be offered. Seats on sale at Plummer's at 20, 30 and 50 cents.

Burr McIntosh, the famous author, editor, photographer, war correspondent and actor, finds in the part of Colonel Carter in that great five-act story of the Southland, "Colonel Carter of Cartersville" at the Royal today, one of his most congenial roles. The production is one of the most notable contributions to the early history of the South that has yet been produced, and was filmed in the South in order to get realistic settings.

There are many interesting scenes of Southern life before and during the war; vivid and realistic views of the conflict between the North and South; and in the many scenes of New York that go through the story, the producer has contrived to impart a realistic Southern aspect to the doings of the old Colonel and his cronies.

Excellent photography and careful direction characterizes this great World Feature production, and Mr. McIntosh is surrounded by an all-star cast, including Lilly Cahill and Katherine LaSalle. It is a feature that all Southern people should witness, and will doubtless draw big crowds both this afternoon and tonight.

A scene from "Col. Carter of Cartersville," Featuring Burr McIntosh, Royal Today.

Tomorrow the most notable Paramount offering yet will be presented, Cyril Maude starring in a great production of Ibsen's famous love story. A notable feature of this production is the five beautiful women who play leading roles in the five different periods covered by the play, in which is seen Myrtle Stedman, Fanny Stockbridge, Winnifred Bryson, Evelyn Duncan, Kitty Stevens, and Herbert Standing and William Desmond. This is the first feature production ever presented in Wilmington with special music written for the picture by a noted composer, the music for this picture comprising a volume of over 100 pages.

Vera Sisson—Grand Today.

Miss Vera Sisson, the greatest emotional screen star, is featured in a two-reel Biograph drama, "The Worth of a Woman," at the Grand today. This is really a rare treat for the movie fans to see this wonderful actress at her best. The part she plays offers her many opportunities to display her ability as an actress. Miss Sisson is supported by a carefully selected cast that includes such well known people as Mr. G. Raymond Nye, Jose Ruben and Madge Kirby. Be sure and see this picture. The Grand is offering the best of the General Film program, which is the largest in the world.

"The Water Tank Plot" is a thrilling railroad story featuring that dare-devil girl, Miss Helen Holmes, who seems to fear nothing when it comes to thrilling an audience. Today she will be seen imprisoned in a water tank, where she comes within an ace of drowning; compelled to jump from a trestle spanning the river, to make her escape from the crooks. "Rags and the Girl" is a one-reel Vitagraph drama, featuring Maurice Costello, the noted screen favorite who has not been seen here in a long time, and that dear sweet old lady whom you will never forget, Mrs. Mary Maurice, who plays the part of mother. If you want to see real pictures that always leave a good impression because they are the best that money can buy, see them at the Grand. The admission is always five cents.

Six-Reel Show at Bijou.

Today's great six-reel bill at the Bijou is one of the most attractive of the week without the shadow of a doubt. For heading the bill is the thirty-fifth great two-reel chapter of "The Romance of Elaine," but one week removed from the splendid climax and ending of this great serial, which has drawn more people for the past thirty-five weeks than any other picture-serial ever produced.

This episode, "The Disappearing Helmets," is full of thrills—thrills—thrills. So crowded is it with nerve-racking happenings that a synopsis of it would be, could be, nothing less than a short story. In this chapter the treacherous Del Mar is very near to his ultimate doom, and Elaine is very near to one of the greatest surprises of her life.

"Under New Management" is positively the greatest L-Ko two-reel screams that has ever come down the pike. Featured in it is pretty Gertrude Selby, mirthprovoking Alice Howell, with Gene Rogers and the rest of the bunch, in two full reels of the funniest farce ever flashed on a screen anywhere. It's simply great, and you should not miss a line of it.

Doris Pawn and Sidney Ayres are seen in a unique single reel drama, "The Vengeance of Guido," while there's still a single reel comedy—a Nestor—"And the Best Man Won" with Billie Rhodes and Neal Burns.

EXPECTS TO PROVE THAT COWAN KNOW MACHINES WERE UNSAFE

Court Martial of Lieutenant Goodbier Has Become General Inquiry.

San Francisco, Nov. 3.—Th defense in the court martial of Lieutenant Colonel Lewis E. Goodier, judge advocate of the Western Department of the United States army, charged with wrongfully advising officers at San Diego to prefer charges against Capt. A. S. Cowan, commanding the aviation school, announced today that it expected to prove that Captain Cowan knew the machines at the school were unsafe and that aviation officers there were not warned of their condition. The trial has developed into a general inquiry into the aviation situation in the army.

Capt. T. F. Dodd, commander of the Brownsville, Texas, aviation school, testified some of his aeroplanes have new wings and parts which were supplied free by the makers after he had reported to Lieutenant Colonel Samuel Redber, chief of the aviation section of the army, that the machines were unsafe. Captain Dodd said this made him believe the manufacturers knew the machines weer not "up to standard."

THREE TRAINMEN KILLED.

Two C. & O. Freight Trains Have Rear-End Collision.

Charlottesville, Va., Nov. 3.—Three trainmen were killed in a rear-end collision of two freight trains on the Chesapeake & Ohio Railway at Keswick last midnight. The dead are J. A. Vass, engineer, and Robert H. Jarman, fireman, both of Charlottesville, and G. E. Williams, brakeman, of Louisa county.

An extra freight consisting of two engines and a caboose, ran into a cattle train standing on the main line awaiting orders.

Augusta, Ga., Nov. 3.—Ben Spivey, a fireman, was killed and 8,000 bales of cotton were either badly damaged or destroyed in a fire that consumed the Riverside Compress here today. A number of small houses near the compress also were destroyed. The loss is estimated at near $500,000. The flames which were started from an undetermined cause were fanned by a high wind. The compress and cotton are said to have been fully insured.

TYPHOON SWEEPING LUZON

Storm Headed Towards Manila Two Coasting Vessels Foundered.

Manila, Nov. 3.—A typhoon, which is increasing in violence, is again sweeping the section of Southern Luzon which was devastated late last month with the loss of nearly 200 lives and property damage estimated at nearly $1,000,000. The storm is headed toward Manila. Two coasting vessels have foundered but the crews were saved.

GETS INTERLOCUTORY DIVORCE

Mrs. E. C. Carr Obtains Decree of Separation From Husband.

San Francisco, Nov. 3.—Mrs. Eleanor Carr Matthews, daughter of former Governor Elias Carr, of North Carolina, obtained an interlocutory decree of divorce here today from Major Hugh Matthews, of the United States Marine Corps, upon charges of cruelty.

THE MORNING STAR

Published by the
WILMINGTON STAR COMPANY, INC.,
Wilmington, N. C.

Entered as second class matter at the postoffice at Wilmington, N. C., under Act of Congress, March 2nd, 1879.

FULL ASSOCIATED PRESS REPORT

PUBLISHERS' ANNOUNCEMENT.

THE MORNING STAR, the oldest daily newspaper in North Carolina, is published daily and mailed to subscribers outside the county at $6 per year, $3 for six months, $1.50 for three months; or served by carrier in the city and suburbs at 60c. per month, or, when paid in advance, $7.00 per year, $3.50 for six months, $1.75 for three months.

THE SUNDAY STAR by mail, one year, $1; six months, 50 cents; three months, 25 cents.

ADVERTISING RATES may be had on application, and advertisers may feel assured that through the columns of this paper they may reach all Wilmington, Eastern Carolina and contiguous territory in South Carolina.

Obituary sketches, cards of thanks, communications espousing the cause of a private enterprise or a political candidate and like matter will be charged at the rate of 10 cents per line, to persons carrying a regular account, or, if paid cash in advance, a half rate will be allowed. Announcements of fairs, festivals, balls, hops, picnics, excursions, society meetings, political meetings, etc., will be charged under the same conditions, except so much thereof as may be of news value to the readers of the paper, in the discretion of the editors.

TELEPHONES: Business Office, No. 51. Editorial and Local rooms, No. 61.

COMMUNICATIONS, unless they contain important news, or discuss briefly and properly subjects of real interest, are not wanted; and, if acceptable in every other way, they will invariably be rejected unless the real name of the author accompanies the same, not necessarily for publication, but as a guarantee of good faith.

ALL DRAFTS, checks, express money orders and postal money orders for the paper should be made payable and all communications should be addressed to

THE WILMINGTON STAR CO.

THURSDAY, NOVEMBER 4, 1915.

TOP O' THE MORNING

If I can lend
A strong hand to the fallen, or defend
The right against a single envious strain.
My life, though bare
Perhaps of much that seemeth dear and fair
To us of earth, will not have been in vain.

—SELECTED.

More factories, more people.

Greece is slick enough to stick to the fence.

Turkey is the "Sick Man of Europe," but in spite of that they are trying to make him sicker than ever.

We hate war but that is no sign that we won't have war that would be a great deal more hateful if we were not prepared for it.

Ministers do not believe in marrying for love alone. They think that when a man marries he ought to have enough money to fee the parson.

Congressman McLemore declares that he will never marry a widow. He will find plenty of them that wouldn't marry him either.

When the surgeons operated on J. P. Morgan for appendicitis, it is safe to say they relieved him of a large amount of lucre.

Oh, well, it would tickle most any of us if we could get financed for a gabfest if the audiences could stand for any old kind of gab.

One of Lambert's gems of thought is that "children are the flowers of a man's life." Especially those who grow up and are recogniztd as daisies.

We are for "adequate preparedness" without waiting for the action of any other nation that might be disposed to regard Uncle Sam as a joke.

One thing more than any that we remember all the time is that we are living in North Carolina and not in the past or the future either.

Mr. Wannamaker wants to buy Belgium for the Belgians, but what we would like for him to do is to buy North Carolina and lend it to us for just a year.

The war in Europe has demonstrated that the one weak spot in Wilmington's progress is her lack of diversified industries. When we observe what is lacking that is what we ought to get without delay.

The world will repudiate the attempt to discredit General Sir Ian Hamilton for failure to accomplish the impossible at the Dardanelles. The discredit will fall on those who furnished him a gimlet to do the work of an auger.

It was announced that 250,000 married men in New Jersey promised to vote for woman suffrage. Owing to the tremendous majority against suffragists in that State, 250,000 Jersey benedicts will be regarded at home as an ananiasical lot.

A poet said "Pity is akin to love," but any poet who would try to pity some females of the species would get his flowing locks snatched off and poked into a hair receiver on the nearest bureau. Even love has to be careful about having enough change to make itself agreeable at all times.

The announcement of the United States Bureau of Mines that it has discovered a cheaper and better way to produce gasoline has not disturbed the Standard Oil Company the least bit. It is a safe bet that the company will get hold of the process and utilize it if there is anything in the discovery.

The next thing on the programme in Wilmington is the Nation's Garden Spot Corn Show, Floral Fair and Made-in-Wilmington Pageant, all on November 16, 17, 18 and 19. Ask your station agent or any railroad for a reduced round trip ticket for a good time in Wilmington.

NATIONAL PREPAREDNESS IN SECTIONS.

The Manufacturers' Record is for genuine national preparedness, but it refuses to believe that preparedness in one corner or one section of the Union will come within the comprehensive meaning of Nation-wide preparedness. Practically all the naval ports, all the shipyards, all steel armor plants and all the munitions factories are in the North, but they would be too far away in the event that we had to put our preparedness to the test on the South Atlantic or on the Gulf of Mexico or on the Pacific. The Record speaks on this question as follows:

"National preparedness is chimerical, an impossible, unrealizable dream, unless radical changes are made in the iron and steel industry. We have talked about living in a fool's paradise because we are without an adequate army and navy. But a big navy and army will not take us out of a fool's paradise until the National government and great iron and steel interests lessen the nation's dependence for all its munitions of war upon a limited area along the Atlantic coast, which in turn is wholly dependent for ore upon two sources that might be cut off in time of war, leaving us utterly helpless.

"In view of the suggestion that the National government should establish an armor plate plant, it is important that the proper location should be carefully chosen from the standpoint of national welfare. At the same time, the relations of the iron and steel industry to National preparedness should receive full attention.

"Practically the entire production of munitions of war and the facilities for building and docking warships are concentrated in a narrow strip of territory from Connecticut to Virgini. In this little strip, 200 or 300 miles in length and extending on an average probably considerably less than 100 miles into the interior from the coast, our gun-making plants, our armor-making plants, our shipbuilding concerns, our powder-making interests are all closely concentrated. It is conceivable that this limited area might at some time in the future be under the control of an enemy, and if this should ever happen before these conditions have been changed, the rest of the country, probably 95 per cent of its area, would be absolutely helpless, as it would be without arms or the facilities for making arms, and without the facilities for building ships or equipping them if they were built.

"Under these circumstances it is a national duty of vital interest to the nation that the government should do its utmost to develop in other sections, and especially in the South, facilities for the manufacture of armor plate and the making of guns and of munitions of war.

"It is also conceivable that our Atlantic ports might be blockaded and that our supply of foreign ores from Cuba, Chili and elsewhere be cut off, and if it should so happen that we were at war with Great Britain (and Heaven forbid that this should ever come to pass), our Lake ports might be so blockaded by land and water as to make impossible the bringing of Lake Superior ore into Pennsylvania and the Lake region. We might, therefore, find ourselves in a position of being entirely cut off from the two sources of ore supply upon which the iron and steel development of the seaboard, of Pittsburg and of the West is wholly dependent.

"These are not visionary suggestions. They are founded on as good reasons as is the enlargement of the naval programme now so strongly and so wisely advocated by the Administration. We have been forced to realize that what the peace lovers of the world hoped for a few years ago is no longer possible—certainly, so far as we can now see, for some years to come.

"To save ourselves from such overwhelming disaster as that of Belgium, we are compelled to safeguard our country by the development of a navy and an army. It, therfore, becomes vitally important that all of the facilities for building a navy and equipping an army should be scattered over the country to an extent as great as is feasible.

"For these reasons it would, it seems to us, be most unwise for the government to add largely to its facilities by the building of new plants for armor plate or kindred work in this limited area in the East, or in that portion of the West which, like the East, is dependent upon foreign or Lake Superior ores. On the other hand, there are sections in the central South having vast stores of iron ore from which can be made as high-grade steel as is porduced in this or any other country. Close by these ores are almost limitless supplies of coal and of other materials needed. There are also some sections in the West and Southwest which should also be recognized in any broad scheme for National preparedness"

We don't think this country will ever have any serious difficulty with Great Britain, but The Record is right in the general proposition that National preparedness should mean a diffusion of the means and measures for defense so as to take in all the coast line of America. This is a serious National question and not one of industrial consideration whatsoever. Neither does it involve any sectional consideration. It is simply a question of preparedness and safety for the North and the South, the East and the West. The Record not only emphasizes the wisdom of being prepared in all parts of the Union, but its position is taken from a patriotic view, as explained in this way:

"The Manufacturers' Record would, therefore, press this matter upon the attention of the public and upon Congress, not from any purely sectional desire of seeing the South benefited, but from the broad national standpoint of safety to the entire country. It seems to us that there is no possible argument sufficiently strong to justify serious consideration that can be advanced against this proposition. If this presentation be true, and we believe no one can question the truth of the statements made, there can be no assurance of national preparedness so long as the nation is dependent for its war supplies upon a limited area along the Atlantic coast. It is equally important that these facts should be recognized by the United States Steel Corporation and other great iron and steel interests. The suggestion of the capture of the Lake Superior ore region and the cutting off of our comparatively small importations of foreign ores is not one-half so chimerical as would have been any predictions 18 months ago of such fearful conditions as we are now seeing in Europe. All theories in regard to peace and war, all thought of our being immune from the danger of invasion or of actual subjection by an invading enemy might as well be dismissed from our minds, in view of the horrors which engulf all Europe."

Certainly the government and the great steel companies and industrial establishments should not overlook the South. Besides the South's necessity for sharing in the Nation's preparedness, it offers splendid opportunities and advantages for every one of the classes of industry involved in the better protection of the entire Union. The Record presents logical and cogent reasons why that is true, and we are prepared to believe that sooner or later that view will be accepted and that some of the plants will be established in the South.

The distribution factor alone ought to be enough, and if the map is taken up it will be noted that the position of Wilmington is ideal for distribution throughout the South Atlantic, the Middle West and to the North as well. A distributing radius of 600 miles northward, southward and westward would take in every South Atlantic state and several Northern and Ohio and Mississippi river states as well. We do not think this advantage of the port of Wilmington could be too strongly stressed. The map speaks loudly for it.

TEN MILLION DOLLAR PLANT.

It seems that at last the immense waterpower at the narrows of the Yadkin river near Salisbury are to be utilized for a ten million dollar development under the auspices of the American Aluminum Company. The enterprise this time will be financed by American capital, as the property passes from French hands into American hands. The Charlotte Observer says the details are not furnished, but that is of no immediate consequence, since the important feature is that the development is to be carried to completion. It is said that the sum of $10,000,000 is involved in the purchase of the property by American capitalists.

The first great scheme to utilize the tremendous power going to waste through the Yadkin canyon was planned at Whitney, three miles above the site of the present operations, which are to be at a location known as Badin. The Whitney scheme included a hydro-electric plant and an industrial city at the rapids, but the Roosevelt panic stopped the work after considerable progress had been made.

Next came French capitalists who took over the Whitney plant, which was to have been completed with a special view to manufacturing aluminum in connection with the general plan for electrical transmission of power and the use of local power to supply an industrial city at the rapids. The war in Europe interfered with the plans of the French syndicate, and so their holdings have been taken over by an American syndicate.

For certain engineering reasons, the plant of the American company will be three miles farther down the river and it is said that the whole Whitney and French syndicate scheme will be combined and pushed to early completion. It will mean the expenditure of a vast amount of money in development and the establishment of an industrial and aluminum enterprise that will put North Carolina on the map.

DO ENGLISH SPARROWS CONVEY TREE PESTS?

One of our peach growers says he appreciates the efforts of The Star to make this a commercial fruit growing section and he believes firmly in its possibilities. In fact, he has grown some magnificent peaches near the city and had high hopes of peach growing on a large scale. However, he says he is discouraged because the San Jose scale and blight are too much for him to tackle. He says others are having the same experience, one of the largest peach growers in the county having become so discouraged on account of the scale pest that he cut down his trees.

Those who have tried peach growing have found it profitable for a time, but just when they think they are going to get on Easy Street along comes the San Jose scale. They say it spreads very rapidly among the trees and they are satisfied that English sparrows are responsible for it. They carry it on their feet from tree to tree, and since the sparrows are increasing by the thousands, The Star's informant says he hardly knows whether to go ahead with his peach growing or not.

It has been demonstrated that no finer peaches can be grown anywhere or any earlier than have been grown in this Gulf Stream region of North Carolina. Hundreds of people are interested, and it seems that it is a case for the entomologists of the State and Federal agricultural departments to make a trip through this section to advise with those who desire to cope with the enemy pests which have to be successfully dealt with. This is a matter of importance in the development of the resources and possibilities of tidal Carolina, and we should immediately enlist the aid of the agricultural departments.

TUESDAY'S ELECTIONS

It is difficult to analyze the elections held on Tuesday, in New York, Massachusetts, Pennsylvania, Ohio, New Jersey, Maryland and Kentucky. At the same time the results in Massachusetts, New York and New Jersey contained more rays of hope for the Republicans than for the Democrats. However, in New York the new constitution, submitted to the voters for ratification as a Republican production and sponsored by that party, was rejected. Senator Root, who is mentioned as a possible candidate for the presidential nomination at the hands of the Republican party, was the father of the proposed constitution that proved to be [illegible] with the people. Its ado[illegible] might have helped the senator's chances for the Republican nomination, [illegible] rejection means the elimination of one of the reasons that his friends would have urged in behalf of his nomination.

Democrats can console themselves with the fact that the issues were so mixed in the different states that the voters were only passing on state and local matters, such as woman suffrage in New York, Massachusetts and Pennsylvania, in all of which states equal suffrage met defeat, though that was expected and predicted by those well informed on the situation, the question of the size of the vote the suffragists could poll being the matter of chief interest concerning this phase of the election. Those states also showed a Republican leaning but only in Pennsylvania will the Republicans have so much to boast about, although in Massachusetts they elected a governor.

The big issues in the various states were constitutional referendums in three, woman suffrage in three, municipal self-government in New York, the income tax, prohibition and various local questions that had no political bearing on the presidential election next year. In a general way, it might be said that four Northern states went Republican, while four Southern states remained Democratic, with the indifference that always marks off-year elections. Quite naturally the Republicans will do the most bragging about the general result, while the Democrats will have to make the most explanations. It is pretty safe to say that very little of the German vote was cast on Democratic lines.

Ohio is about the only state that can be sized up for the meaning of its vote. She does not yet believe in statewide prohibition after having been appealed to by strong prohibition speeches by the Hon. William Jennings Bryan. However, it must be admitted that the prohibitionists have made some gains in that state in a year, when it is considered that a year ago the majority against state-wide prohibition was 84,000 while this year it was only about half that number. Ohio does not yet believe with Bryan a little bit in putting the lid on booze.

Later a more intelligent view can be taken of the elections when the different results are more clearly known and the parties begin to blow and to explain the whyfores.

CURRENT COMMENT.

A North Carolina newspaper recently went into bankruptcy, and, blaming the Democratic administration for it, immediately changed its politics, and President Wilson was not even a subscriber.—Chase City (Va.) Progress.

From the esteemed Wilmington Star we learn that "the duck season is now open in Brunswick county." The chicken season, however, is always open in New Hanover county, judging from the remarks of the newspaper paragraphers of Wilmington.—Raleigh News and Observer.

Dr. Joseph Hyde Pratt, State geologist, will lend his influence toward making Arbor Day in Charlotte a success and The Observer can very well afford the guarantee that Doctor Pratt's illustrated lecture will be a feature of interest and value. The programme arranged by the women of the civic section is complete in details and takes the shape of attractive exercises for the various schools. At each of the schools trees will be set out to the memory of Mrs. C. B. Bryant, who was the original promoter of civic work in Charlotte.—Charlotte Observer.

Large shipments of chickens and eggs continue to leave here every day. Some days as many as 75 coops of chickens are loaded on the cars, of course there are not that many every day but we would guess that an average of 50 coops leave here daily allowing 30 chickens to the coop gives 1,000 chickens each day in the year. This makes 313,000 chickens in a year at 35 cents per head amounts to $10,955 for this one item alone, to say nothing of the large quantity of eggs, butter apples, potatoes, cabbage, etc., which when all put together runs is up into the millions. One buyer told us a few days ago that his shipments alone last year amounted to a little over $37,000. This is what just one buyer did.—Elkin Tribune.

The vials of adulation which some of our brethren of the press are emptying upon the already swollen head of Bryan, the peerless, apparently contain an inexhaustible supply of double-distillitd essence of fulsome flattery. The tributes of praise showered upon him by those willing captives to his sonorous platitudes calls to mind the story of how the colored preacher at Nola Chucky introduced to his sable congregation a visiting bishop, who came to deliver a sermon on foreign missions and incidentally to take up a collection to renumerate his services in the good cause. "Brethrin and Sisterin," said the worshipful deacon, "dis famous bishop is de greatest bishop in the world. He knows the unknowable, he can do the undoable, and he can unscrew the unscrutable. Pray for him—and den pay for him."—Norfolk Virginian-Pilot.

McCASKILL FOR CONGRESS.

Former Fayetteville Postmaster to Make Race in Sixth.

Fayetteville, N. C., Nov. 3.—The Observer this afternoon carries the following item, which will be of considerable interest throughout the Sixth Congressional district:

"Mr. A. L. McCaskill, ex-postmaster of this city, announced publicly on the streets today to friends that he has decided to become a candidate for Congress in the Sixth Congressional District in opposition to the Democratic candidates whose names are now before the people, and will meet all or any of his opponents on the stump.

"Mr. McCaskill, it is well known, has been for years one of the leaders of the Republican party in every campaign, and has stood high in its councils."

BRYAN TO SPEAK IN WILSON.

Will be Heard Under Auspices Baraca-Philathea Union November 9.

(Special Star Correspondence.)

Wilson, N. C., Nov. 3.—William Jennings Bryan, former Secretary of State, will speak in Wilson November 9. The Nebraskan is coming here under the auspices of the Baraca-Philathea City Union. Mr. Bryan speaks at Goldsboro November 8th and goes to Kinston the following morning to speak at the Kinston Fair and will come to Wilson for an address that night.

MAXTON MAN BANKRUPT.

Mr. A. B. Croom Files Petition in Federal Court at Raleigh.

Raleigh, N. C., Nov. 3.—Mr. A. B. Croom, of Maxton, has filed a petition in bankruptcy in the office of the clerk of the Federal court here.

His liabilities are placed at $10,185.42 and his assets are $2,975, and various outstanding accounts due the petitioner, from which petitioner claims homestead exemptions.

HUSBAND RESCUED DESPAIRING WIFE

After Four Years of Discouraging Conditions, Mrs. Bullock Gave Up in Despair. Husband Came to Rescue.

Catron, Ky.—In an interesting letter from this place, Mrs. Bettie Bullock writes as follows: "I suffered for four years, with womanly troubles, and during this time, I could only sit up for a little while, and could not walk anywhere at all. At times, I would have severe pains in my left side.

The doctor was called in, and his treatment relieved me for a while, but I was soon confined to my bed again. After that, nothing seemed to do me any good. I had gotten so weak I could not stand, and I gave up in despair.

At last, my husband got me a bottle of Cardui, the woman's tonic, and I commenced taking it. From the very first dose, I could tell it was helping me. I can now walk two miles without its tiring me, and am doing all my work."

If you are all run down from womanly troubles, don't give up in despair. Try Cardui, the woman's tonic. It has helped more than a million women, in its 50 years of continuous success, and should surely help you, too. Your druggist has sold Cardui for years. He knows what it will do. Ask him. He will recommend it. Begin taking Cardui today.

COUNCIL WILL OPPOSE BRIDGE ACROSS CREEK

Mr. George H. Hutaff Wants Smith's Creek Navigable.

Councilman Merritt Voted Against Action Taken—Councilman Jones Was Absent—Others Think Cost Too Great.

City Council will actively oppose the application which Mr. George H. Hutaff, who is interested in large property holdings in the northern part of the city along Smith's creek, has made to the United States District Engineer to have that stream declared navigable. The action taken by Council in its regular weekly session yesterday was based on the assumption that the city would be called upon to construct a draw bridge at the point where the Castle Haynes road crosses the creek.

Councilman Merritt voted against the action taken and Councilman Jones was prevented from voting on the proposition on account of being absent. Mr. Hutaff addressed a communication to Council outlining the reasons for his action in asking for the bridge and was also present at the meeting yesterday to present his side of the proposition.

Mr. Hutaff told Council that he thought that that section of the city is entitled to receive some benefits from the city since it now has to pay city taxes. It would also mean the bringing of many more manufacturing enterprises to Smith's creek, he thought. He understood that the present bridge would have to be re-built at an early date anyway as it has already been condemned for certain kinds of traffic.

Councilman McCaig declared that if the whole of Smith's creek was lined with industries it would take 100 years to pay for the building of a bridge from the revenues derived from taxes on the property in that section and that he could see no reason why the city should build a bridge there while there are miles and miles of river front that need to be improved.

City Attorney Ruark called attention to the fact that declaring the stream navigable by the government would not necessarily mean that a bridge would have to be built, as it would also have to be shown that there was sufficient commerce passing down the stream to justify it.

Councilman Hall thought that the matter had better be left open for the present, but Councilman McCaig was opposed to this. He was of the opinion that the question might as well be settled once for all. Of course, if the government ordered that a new bridge must be built, he stated, there would be nothing to do but to construct it but he thought that Council owed it to the tax-payers of the city to oppose opening the creek to navigation. It would mean another bond issue, he declared, and as one-third of the city's revenue now goes to the payment of interest on bonds, he thought it would be very unwise to add to this burden.

He made a motion that City Attorney Ruark be authorized to appear at the hearing to be held by the District Engineer and oppose the application of Mr. Hutaff. Councilman Bradshaw in voting for the motion declared that he did so because he did not feel that the city was able to build a bridge now.

The communication of Mr. Hutaff to Council is as follows:

"To the Honorable Mayor adn Councilmen, Wilmington, N. C.

"Gentlemen:—This is to inform you that I have made application to the United States Engineer in charge to have Smith's Creek declared to be a navigable stream. The bridge leading to Castle Haynes obstructs the channel of the creek and the various industries that are situated on its banks are hindered from operating owing to the fact that the boats that ply the rivers and various streams cannot come to and fro to perform their work. As this territory has been taken into the city limits and the various industries have been compelled to comply with the rules and ordinances in paying privilege taxes, I trust this honorable body will endorse this movement and give us the relief that we think is due us. The writer is present and will take pleasure in giving any information that this body may desire on the subject. "Respectfully,

"GEO. H. HUTAFF."

A letter was read from Mr. A. B. Skelding, general manager of the Tidewater Power Company, requesting that the traffic regulations be amended so as to prevent automobiles from passing to the left of street cars when they are stopped at street intersections. He declared that he knew of no other large city that allowed such a practice and pointed out the many dangers which he considered such a practice brought about. The letter was referred to the city attorney for investigation and report.

Mr. C. D. Maffitt requested that Council take some action with reference to an alley back of his building at the foot of Princess street, which he said was being used as a "dumping ground" by colored draymen and others. As it appeared that the alley is on private property, City Attorney Ruark stated that Council could not proceed except for the abatement of a nuisance. The matter was referred to Councilman Bradshaw and City Engineer Struthers.

Miss Lucile Murchison was elected a member of the Tree and Park Commission to succeed Mrs. Julia Parsley Peschau, who resigned last spring, and Mr. Frank Mead was elected to take the place of Mr. H. deW. Rapalje, resigned, upon recommendation of Chairman John J. Blair. There will be a meeting of the commission today.

Upon recommendation of Mr. John H. Sweeney, engineer at the city waterworks plant, and Councilman Jones, it was decided to allow the Simmons' Forced Draft Grate Company to install grates in two of the boilers at the pumping station in accordance with the proposition as presented to Council at its last meeting by Mr. L. H. Simmons. The grates are to be operated 90 days before being tested out. The contract provides that the grates are to be paid out of the savings to be effected in fuel.

City Attorney Ruark was instructed to draw up an ordinance prohibiting the parking of automobiles on Front street, between Market and Chestnut street and on Princess between Front and Second for a period of more than ten minutes and at no time within a distance of 50 feet of the intersection of Front and Princess streets.

City Attorney Ruark called attention to the bad condition of the sidewalk in front of Mr. J. O. Reilly's real estate office on Princess street, which he thought ought to be fixed. The condition of sidewalks in other parts of the city was discussed. The matter was left in the hands of Councilman Hall, in charge of the department of public safety, with instructions to see that the ordinances be enforced strictly.

On motion of Councilman McCaig, the city engineer was instructed to lay the sidewalk in front of the home of Mrs. Wright on Market street and to assess the cost of the same against the property, the assistant city attorney to collect the same by legal process, if that is necessary.

City Engineer Struthers called attention to the need of a larger drainage pipe on Queen street from Front to the river. He said that the total cost would be about $500. No action was taken on the matter.

Councilman Jones requested that a meeting of the Water and Sewerage committee be held Friday night at 8 o'clock for the purpose of considering water rates. City Attorney Ruark was also asked to attend the meeting.

Councilman McCaig called attention to the need of a light at 17th and Grace streets and this was referred to Councilman Bradshaw.

The traffic ordinance prohibiting the turning of vehicles on Front, between Market and Grace was amended so as not to apply to vehicles receiving or discharging merchandise to or from business houses.

All the members of Council were present and Mayor Moore presided. Councilman Jones was late in arriving because of having a case in court.

For Weakness and Loss of Appetite The Old Standard general strengthening tonic, GROVE'S TASTELESS chill TONIC, drives out Malaria and builds up the system. A true tonic. A sure Appetizer. For adults and children. 50c.

SUDDEN DEATH OF TABOR MAN

Mr. C. C. Pridgen Passed Away Yesterday—Prominent Columbus County Man Well Known Here.

Mr. C. C. Pridgen, one of the most influential citizens of the Tabor section of Columbus county, died suddenly at his home at that place yesterday afternoon at 1:30 o'clock. He had been in the best of health and appeared to be cheerful all the morning. The news of his death came as a profound shock to his numerous friends in Wilmington, where he was well known.

Mr. Pridgen was formerly a director of the Southern National Bank in this city until it was merged with the Murchison National Bank. He was president and principal stockholder of the Tabor Supply Company, a large mercantile concern and also president of the Tabor bank. He was connected with a number of other enterprises at that place and engaged for many years in the lumber business.

Mr. Pridgen, who at the time of his death, was about 55 years old, was a public-spirited citizen and served for four years as chairman of the board of county commissioners of Columbus county. During his administration, plans were made for the erection of the handsome new court house which now stands at Whiteville.

Mr. Pridgen frequently visited Wilmington on business and had many friends here. He was a most worthy man, conscientious in the discharge of every duty and earnest and painstaking in looking after affairs under his supervision. He was unostentatious in manner and always conducted himself with the quiet dignity of the true gentleman he was.

The funeral will be held Friday afternoon at 2 o'clock at Tabor.

TIGERS WAKING UP.

Now Hold Tie With Wolves for Third Place—Lions Still Lead.

Standing of the teams:

	W	L	Pct.
Lions	4	0	1,000
Leopards	2	2	.500
Wolves	1	3	.250
Tigers	1	3	.250

Scores last night: Tigers 44; Wolves 18; and Lions 23; Leopards 15.

The two games of basket ball last night brought the Tigers out of the cellar where they were nursing a zero percentage in the standing of the Wednesday Night League of the Boys' Brigade. The Tigers had had the men all the time, but had lacked interest. The only new man on the team was M. Register. He did good work, but was far from being the whole cheese. Carney and W. King were leading players for the Tigers. King held Jewell, for the Wolves to no score and made one himself. This is remarkable, as Jewell is regarded as the best man in the league. The second game was the tightest, being a tie at the end of the first half, the Lions getting in the lead in the last half when Smith and Capt. Fales made three goals each.

The games next Wednesday night will be between the Wolves and Lions, and Tigers and Leopards. Captain Brittain, of the Wolves, who was a star last night, says he expects to break the line of victories the Lions have been boasting about.

MADE A HIT IN FAYETTEVILLE

Grainger's Orchestra Entertained in Upper Cape Fear City.

It will be of interest to Wilmingtonians to read the following notice from a recent issue of the Fayetteville Observer:

"Grainger's orchestra, of Wilmington, which rendered the music for the charity masquerade ball and the charity ball here this week, is receiving great praise for its excellent work, and deservedly so, for it is a splendid aggregation, not only performing with faultless execution, but giving high-grade programmes. At the marshal's ball last night they rendered twenty numbers, and every one of them was encored. In the chorus to "Tipperary" the musicians sang the chorus, the dancers took it up, and the enthusiasm was great. This piece got three encores.

"We were glad to see the familiar face and form and our fellow-townsman, E. L. Remsburg, among the players, and the strains from his clarionet added sweet melody to each selection.

"Grainger's orchestra has made a rep in Fayetteville, and they must come again."

Bowling Game at Warren's.

With one victory to their credit already, the bowling team from Capps' bowling parlors expect to take a second from the team from Warren's parlors which will be played tonight at 8:30 o'clock at Warren's. The last match was at Capps' parlors and Warren's team, being on its home field, so to speak, feels confident that it can take the honors. The public is invited to watch the fun.

SAYS GERMAN OFFICERS ARE HELD AS PRISONERS

Reported They Had Perished After Escaping

Mrs. James G. Kenan Brings Interesting Report From Bermudas About Fugitives From Interned Ship at Norfolk, Va.

That the five German officers who escaped from the interned German cruiser at Norfolk, on the yacht Eclipse, were captured by one of the British warships and are now being held as prisoners on one of the smaller islands of the Bermudas, was the interesting report made by Mrs. James G. Kenan, of Wilmington, yesterday, upon her return from a week's stay in the Bermudas.

Mrs. Kenan states that she was told time and again by different persons on the main island of the Bermudas that the five escaped German officers were being held as prisoners on a nearby island. All of the German citizens of the Bermudas, she says, are being held as prisoners on this island, and under the strictest surveillance. Many of the German merchants were compelled to give up their business and take up their domicile on the smaller island, she states, and only at intervals are they allowed to communicate with their families.

Five British warships constantly patrol the islands, and keep the closest watch. The strictest censorship is maintained and one of the inconvenient parts of the programme of living in the Bermudas just now is that mail comes only once a week, and is not sealed then.

Mrs. Kenan made the trip to the Bermudas on the Bermudian, of the Canadian line, which is the only line now operating steamers to the islands. While at sea the Bermudian was stopped by one of the British war dogs, Mrs. Kenan states, and after receiving signals proceeded on her journey. Mrs. Kenan was told by members of the crew of the Bermudian that the messages sent were to the effect that the five German officers for which English vessels were searching the seas, had been captured.

Upon her arrival on the islands, Mrs. Kenan was informed by practically everyone she met that the German officers had been captured and that they were being held as prisoners along with the other Germans on the smaller island. There did not seem to be the slightest doubt about it, and Mrs. Kenan believes that the reports were true.

The news brought by Mrs. Kenan was learned here with the greatest interest, for it had been previously reported that the German officers had disappeared completely. However, the British policy of silence probably accounts for that. Mrs. Kenan while on the island sent papers to friends in the city several days before she sailed for this country, but these have never showed up, and it is most likely that they were held up by the authorities.

Although Mrs. Kenan has traveled extensively in America and throughout Europe, she declares that she has never seen more beautiful scenery or enjoyed a more lovely climate than during the week she spent on the Bermudas.

While there are twice as many negroes on the island as white people, Mrs. Kenan states the entire population is polite and obliging. She was especially impressed with the cleanliness of the premises and the care exercised by the people in their dress and manner.

Mrs. Kenan, while necessarily much inconvenienced by some of the red tape of war times, had a most enjoyable trip in every way, and feels that everyone who can do so should by all means take a trip to the Bermudas.

DR. NESBITT'S PLAN.

For Providing Medical Inspection for School Children of City and County.

In a recent letter to the Board of Education of New Hanover county, Dr. Charles T. Nesbitt, county health officer, gave his impressions of a cursory survey of the school children of the lower grades in the city schools and outlined very clearly his ideals with reference to securing adequate inspection for the children.

"My original plan called for the employment of two school physicians and an additional nurse, which, with the increased expense for drugs, correction of vision and other things of like nature, would place the cost at about $3,000 a year," Dr. Nesbitt writes in his letter to the board. "I am still of the opinion that this expenditure would be more than justified and that the work in sight would occupy very fully the three additional assistants. In order that we may undertake this work at once, and knowing that the expense is an important feature, we of the department have planned a campaign and formed a plan by which we believe a very great deal of good can be accomplished at about one-half the previously estimated cost. This plan provides for the employment of but one extra physician for a part of the time. Our work in the schools during the past month has disclosed more clearly the extent of the work necessary. We are enabled to plan a routine which is more or less definite by which we can provide nurse attendance for the lower grades of all the white schools in the city for not less than every second day. If the work of the nurse is supplemented by the attendance of a physician, we can be assured that the lower grades of each white school in the city will be provided with proper inspection and that the defectives in these grades will be promptly discovered and will be afforded the opportunity as may be demanded in each case. In addition we can be assured that each defective or infected child will be followed to its home and kept under sufficient supervision in its home to obtain the results desired. This can be accomplished by combining to some extent the duties of the medical members of the department and by readjusting and redistributing these duties. We of the department will gladly undertake the additional work for its own sake.

NOTICE!

Wallace, N. C., Nov. 2nd, 1915.

I have been reliably informed that my name has been signed to an injunction against the Free Range People or County Commissioners of Duplin county. I give no authority to anyone and had no knowledge, directly or indirectly of my name being used in this way and I ask the erasure of my name to any such paper.

Respectfully,

no 4-7t. D. E. BONEY.

ASKS FOR NON-SUIT IN CASE

Plaintiff Completes Introduction of Evidence in Damage Suit.—Motion Made by Defendant.

Following the completion of the introduction of evidence by the plaintiff in the case of Sarah C. Witte, administratrix, against the Atlantic Coast Line and the Schloss-Bear-Davis Company, who seeks to recover $50,000 for alleged damages on account of the death of her father in 1913, in Superior Court yesterday afternoon, a motion for non-suit was made by the attorneys for the defendants. The argument by the attorneys had not been finished when court adjourned and will be continued this morning.

This is the second trial of the case, the Supreme court having granted a new trial on the grounds of errors in the first trial, in which the plaintiff was awarded damages to the amount of $5,000 against the Atlantic Coast Line. Both defendants now ask for a non-suit on the grounds that insufficient evidence has been introduced to show that either of them are liable for damages. Mr. George C. Witte, for whose death the alleged damages are claimed, was killed on April 1, 1913, by a runaway team, owned by Schloss-Bear-Davis Company. It is alleged by the plaintiff that the team was frightened by an Atlantic Coast Line engine.

There was no Superior Court yesterday morning on account of the inability of Herbert McClammy, Esq., to attend, he having been called to his home by an accident to a member of his family.

The following entries were made on the court minutes yesterday: Con-estee Chemical Co., against H. K. McCormick, judgment non-suit; Acme Manufacturing Company against Jas. E. Wilson, et al., judgment non-suit; Hattie Capps, et al., against Mary Capps, judgment.

FIRST LYCEUM NUMBER

Boys' Brigade Will Introduce Old-Fashioned Serenading Ionians.

The delightful and romantic custom of serenading is a thing of the past, and the lover of the present day who would stand beneath his lady's window in the moonlight, strumming on a mandolin, would arouse much laughter and ridicule in the neighborhood but no sentiment. However, new and interesting revival of this old custom will be held on Monday, November 8, when four beautiful and talented serenaders will visit Wilmington in the first number on the Alkahest Lyceum course and at the Boys' Brigade.

The members of this famous ladies quartette are all talented soloists and musicians and will present a programme of great variety and interest. They have revived the use of the accordian in lyceum work. The accordian quartette and solo numbers by the Ionians will be one of the novel features of their programme, which will also include vocal solos and quartettes, violin and pianoforte solos, and readings and impersonations by the talented characterist, Rue Patchette. The quaint and charming name "Ionian Serenaders" was given this company at the Lyceum Arts Conservatory, Fine Arts Building, at Chicago, where these four artists were coached for the lyceum concert stage by Elias Day.

EDDIE LARKINS GETS 90 DAYS

Played Bad Game When He Resisted Officer—Other Cases.

Eddie Larkins, colored, had a concrete lesson yesterday in the Recorder's court which will probably teach him that the refusal to go where the officer calls is often more serious than the original offense for which one is called. Eddie had not done very much law breaking, just a little disorderly conduct for which the Recorder gave him 30 days on the roads, but when the officer came after him, Eddie thought he would refuse to go and get out of it all, but it seldom works that way with the Wilmington police, and he was taken in spite of his resistance. Imagine his astonishment in finding that Recorder Empie gave him 60 days for resisting, just twice as much as for the original offense. He will now have to work 90 days instead of 30 as would have been the case, had he been courteous to the police.

LeRoy Boone, colored, charged several weeks ago with assault with deadly weapon and carrying a concealed weapon, was paroled to Rev. W. M. Baker, on account of his age.

The only other cases, besides two drunks, were four vagrants disposed of as follows: Willie Price, colored, 30 days on the roads; Napoleon Patterson, colored, found not guilty; Joe Wilson and Bertha Larkins, continued to today.

HEAL YOUR SKIN WITH RESINOL

It Stops Itching Instantly, and Clears Away Unsightly Eruptions.

If your skin itches and burns with eczema or any such tormenting, unsightly skin disease, simply wash the sore places with Resinol Soap and hot water, dry, and apply a little Resinol Ointment. The itching stops INSTANTLY, you no longer have to dig and scratch, sleep becomes possible, and healing begins at once. That is because the soothing, antiseptic Resinol medication strikes right into the surface, arrests the action of the disease, and almost always restores the tortured, inflamed skin to perfect health—quickly, easily and at little cost.

Prescribed by doctors for twenty years, and sold by every druggist.

A GOOD WAY TO SHAMPOO

Shampoo with Resinol Soap, rubbing its lather thoroughly into the scalp, so as to work in the soothing, healing Resinol medication. This almost always stops dandruff and scalp itching, and keeps the hair live, thick and lustrous.

NOTICE
CAROLIRA YACHT CLUB

The regular annual meeting will be held at the Court House, Monday night, Nov. 15, at 8:00 o'clock.

At this meeting the Governing Board will request the use of the Reserve Fund, or part thereof. A plan for a decided change in the management of the Club and certain improvements will be proposed.

R. G. RANKIN,
Purser.

THE MAIN HIGHWAY TO SUCCESS IS A SAVINGS ACCOUNT

Not one man in a thousand that ever gets a start in life does so outside of the beaten path of regular saving. It is the one sure way of getting on your feet.

Get a few hundred dollars ahead. It will open the way to better things. Let your savings work, too, earning 4 per cent. compound interest—$1.00 will start an account.

BRILLIANT RECEPTION AT HOME OF MR. AND MRS. D. C. FUSSELL

Tabor, N. C., Nov. 3.—A large number of the town's society people enjoyed a brilliant reception at the home of Mr. and Mrs. D. C. Fussell last Tuesday evening, the hosts being Mr. and Mrs. Fussell and Dr. Grover S. Cox. The event was in the nature of a farewell on the part of Mr. and Mrs. Fussell, who, after November 1st, make their home in Dunn, N. C., and a compliment to Mr. and Mrs. H. M. Cox, of Mount Olive, who since their recent marriage have been visiting at the home of Mr. Cox's parents near here.

The guests were met at the front door by Mrs. D. C. Humphrey and introduced to the receiving line by Mrs. Matthew Harper. Receiving with Mr. and Mrs. Fussell and Dr. Cox were Mr. and Mrs. H. M. Cox, Mr. Allan M. Cox, of Clarendon, and Miss Beatrice Brown, of Spartanburg, S. C.

After greeting the members of the receiving party, the guests were shown into the beautifully decorated dining room, where Miss Esther Lee supervised the serving of refreshments. The color scheme here was red and white, a beautiful effect being obtained with white chrysanthemums and red Richmond roses.

During the entire evening music was dispensed by Misses Marie Cunningham and Lorena Newton, both accomplished musicians.

About two hundred guests called during the evening to pay their respects to Mr. and Mrs. Fussell, with whom they part very reluctantly and to meet the brother and sister of the genial and popular Dr. Cox. There was never given in Tabor a more delightful social affair.

• • •

ENTERTAINMENT IN HONOR OF MISS ANNIE NEAL CLARK.

Clarkton, N. C., Nov. 3.—At the hospitable home of Dr. and Mrs. G. L. Clark their daughters, Mesdames Frank Harrington and Bob Craven and Misses Amanda and Katie Clark entertained on Thursday afternoon. The occasion was a miscellaneous shower given in honor of Miss Annie Neal Clark, an accomplished daughter of Mr. and Mrs. O. L. Clark, whose marriage to Mr. Langill Joslyn will occur in December.

The guests were received at the door by Mrs. G. L. Clark and Miss Amanda Clark and were led to the punch bowl, which was presided over by Misses Fay Ritchie and Margaret Clark. The front parlor was beautifully decorated with yellow chrysanthemums and golden rod. Here Mrs. Harrington brought in an attractively bound and hand painted "bride's book," which was passed around, each guest being asked to register. Several piano selections were given by Miss Grace Walton, after which the guests were invited into the dining room where a color scheme of red and white was carried everywhere. The gifts had been placed on red ribbons tied to the chandelier and extending to the four corners of the room. Just as the bride-elect reached the center the ribbons were cut at all corners, thus letting the gifts fall around her. On a table in the center the larger gifts were placed, these being handsome cut glass pieces, linens, etc.

In a contest with lighted candles Miss Isabel Cromartie was selected for the next bride.

A delicious ice course was served.

The out-of-town guests were Mrs. Ed Craven and Mrs. Hector Clark, of Abbottsburg; Misses Sallie Smith and Julia Jordan, of Whiteville; Misses Catharine Lapsley, of Harrisburg; Grace Walton, of Biltmore; Mary Smith, of Davidson, and Mrs. R. B. Cromartie, of Elizabethtown.

MR. W. CLEVELAND STONE WEDS MISS MINNIE PEARL MARLOWE

Dothan, N. C., Nov. 3.—One of the interesting social features of last week was the marriage of Miss Minnie Pearl Marlowe, of Dothan, to Mr. W. Cleveland Stone, of Shallotte, at the beautitute country home of the bride's parents, Mr. and Mrs. W. A. Marlowe, on Wednesday afternoon, October 27. The popular and accomplished bride is the youngest daughter of Mr. and Mrs. W. Albert Marlowe, while the groom is a popular and promising young business man of Shallotte.

The Marlowe home was beautifully and artistically decorated for the occasion, presenting a lovely scene of beauty.

Promptly at 4 o'clock at the first notes of Mendelssohn's wedding march rendered by Miss Violet Hiner, of Staunton, Va., the bridal party entered the spacious and beautifully decorated parlor. First came the maid of honor, Miss Belle Powell, of Aynor, carrying a lovely bouquet of white chrysanthemums and ferns. Then came the bride of the arm of her brother, Mr. Glenn Marlowe. They were met at the altar by the groom, accompanied by his brother, Mr. Glenn Stone, of Shallotte. The ceremony was solemnly and impressively performed by the bride's pastor, the Rev. D. D. Jones, under an arch of green from which was suspended the letters "M-S."

The bride was beautifully dressed in a going-away suit of blue with accessories to match, and carried a lovely bouquet of white carnations.

The parlor was beautifully decorated, the color scheme of white and green being artistically carried out. In the gift room was an elaborate collection of handsome and costly presents of silver, china and linens.

After the ceremony the bridal parev was motored to the home of the groom's parents where an informal and bountiful dinner was served to friends and relatives of the contracting parties.

Among the visiting guests were Dr. and Mrs. Stone, Mr. Vereen, Misses Simmons and Stone, Mr. and Mrs. Simmons and Messrs. John and Bolley Stone, of Shallotte; Mr. Oscar Todd and Mrs. D. D. Jones, of Loris, and Mr. Percy Marlowe, of Whiteville.

BEAUTIFUL MORNING WEDDING AT ST. MARY'S PRO-CATHEDRAL

One of the most beautiful weddings of the fall season was celebrated yesterday morning at 9 o'clock at St. Mary's Pro-Cathedral, when Miss Anne Thomas Reilly, daughter of the late Mr. J. W. Reilly and grand-daughter of Major James Reilly, became the bride of Mr. Wyand Francis Doerner, of Cumberland, Md., the ceremony being performed by Rev. Father C. Dennen, rector of St. Mary's Pro-Cathedral, assisted by Rev. Father Watkins, the ring ceremony being used. Immediately following a nuptial mass was celebrated, the first ever celebrated at St. Mary's Pro-Cathedral.

The bridal pary was preceded to the altar by little Miss Helen Scott Reilly and Master Thomas Henry Wright, who opened the altar gates for the party to pass through.

The bride entered on the arm of her brother, Mr. James Owen Reilly, becomingly gowned in crepe meteor, draped with georgette crepe, fur trimmed and real lace collar. Her train was hand embroidered Bolero and she carried a shower bouquet of bride roses and lilies of the valley.

The dame of honor, Mrs. Ledley B. Symmes, sister of the bride, wore her wedding gown, with a short veil, and carried a bouquet of bride roses. The maid of honor, Miss Marie Newheiser, of Norwood, Minn., wore a pink taffeta gown and large pink lingerie hat and and carried a bouquet of pink Killarney roses. The bridesmaids, the Misses Doerner, of Cumberland, Md., sisters of the groom, were charmingly attired in pink taffeta and white net, wearing pink Poke bonnets and carried large muffs and bouquets of pink roses.

They met the groom at the chancel of the church, which was decorated for the occasion in pink and white. He was accompanied by his best man, Mr. Gerard Doerner, of Dallas, Texas, a brother of the groom, and the groomsmen, Messrs. Bayne Price, Ledley B. Symmes, Isadore Lockfaw and Dan Lockfaw, who also acted as ushers.

Mr. A. H. Yopp presided at the organ and as the bridal party entered played "The Bridal Chorus," from Lohengrin, and for the recessional played Mendelssohn's wedding march. While the impressive ceremony was being performed he played softly, "To a Wild Rose."

Immediately following the ceremony, a bridal breakfast was served for the party at the home of Mr. and Mrs. James Owen Reilly, No. 212 Nun street. A reception was also tendered them Tuesday night.

Mr. and Mrs. Doerner left last night for Saratoga Springs, N. Y., where they will spend ten days, after which they will be at home at No. 226 Mechanic street, Cumberland, Md., where Mr. Doerner is connected with a large lumber business.

BELK BROS. OPENING TODAY

Big Department Store Has Been Closed Just One Month.

The big department store on North Front street which closed just one month ago today in the name of Geo. O. Gaylord, opens again this morning in the name of Belk Brothers. It required just one month to take the inventory, do the counting and settling and re-mark and re-arrange the stock for the sale which begins this morning.

Mr. James C. Williams, the manager, has been a busy man during the past month. Besides going over everything in the inventory of the great $77,000 stock, he has employed something over 40 new men and women. As clerks and various other kinds of work for carrying on this immense business. He has supervised every detail in the improvements which he had installed in preparation for the big sale. Besides this he has bought a good quantity of new goods to start off with the sale and has been on the lookout for other purchases which he will make as the sale progresses. He states that the stock will be kept up to the standard all the time and as the shelves are made empty of old stock, new stock will take its place.

The store opens this morning with a force of more than 75 clerks in the various departments. The new cable cash system will be installed in a few weeks and a general remodeling and improving of the whole store will take place after the Christmas holidays.

MAY LOCATE HERE.

Dr. W. B. Hunter, of Baltimore, Spending Few Days in the City.

Dr. William B. Hunter, of Baltimore, Md., is spending a few days in the city, as a guest at Hotel Wilmington, and is considering locating here permanently. There has been some talk of Dr. Hunter's taking charge of the Harper Sanitarium, but he stated last night that nothing definite had been decided upon as yet. The following is from yesterday's Baltimore Sun:

"Dr. William B. Hunter, superintendent of Kernan's Hospital and Industrial School for Crippled Children, has resigned and will leave today for Wilmington, N. C., where he will take up private practice.

"Dr. Hunter is a graduate of the University of Pennsylvania, and came to Baltimore about one year ago to take up post-graduate work at Mercy Hospital, and has been associated with a number of the members of the faculty. He was given a dinner last night at the Belvedere Hotel by a number of his intimate friends."

FUNERAL OF MR. HEINSBERGER

Impressive Service From Residence —Interment at Oakdale.

A host of sorrowing friends attended the funeral of Mr. Philip Heinsberger, whose death occurred Tuesday evening at his home, No. 807 Ann street, which was conducted from the residence yesterday afternoon at 4 o'clock. The impressive service was in charge of Rev. Dr. A. D. McClure, pastor of St. Andrew's Presbyterian church, assisted by Rev. Dr. J. M. Wells, pastor of the First Presbyterian church. The services were attended by Cape Fear Camp, No. 264, United Confederate Veterans.

Interment was made in Oakdale cemetery, and the floral offerings were a beautiful attest to the high esteem in which the deceased was held by a host of friends.

The pallbearers were: Honorary, Messrs. W. H. Yopp, R. W. Hicks, D. O'Connor and M. W. Jacobi; active, W. M. McCreasy, C. W. Woolard, J. D. Smith, John H. Rehder, James Mann and L. D. Latta.

GIVES PICTURE TO SCHOOL

Mrs. E. May Glenn Toon Presents Gift to Wilmington High School.

Mrs. E. May Glenn Toon has presented to the Wilmington High School a handsome picture of Clara Barton, the founder, and first president of the American Red Cross Society. The picture was formally presented to the school at the chapel exercises yesterday morning by Rev. Dr. A. D. McClure, pastor of St. Andrew's Presbyterian church, who paid a beautiful tribute to Miss Barton who did so much to relieve suffering.

Following Dr. McClure's address, Mrs. Toon gave a short sketch of the life of Mrs. Barton and spoke most interestingly of her work.

Real Estate Transfers.

The following deeds were filed for record yesterday: Kure Land and Development Co., to Mrs. E. P. Bond, for $1 and other considerations, lot 1 in block 8 at Fort Fisher Sea Beach; C. D. Weeks and wife to Paulina E. Clark, for $100 and other consderations, lot on east side of Eleventh street, 132 feet north of Meares, 66 by 330 feet in size; Platt W. Davis to George B. Applewhite, for $10 and other considerations, lot on southeast corner of Taylor and Brooklyn streets, 30 by 75 feet in size; Sarah E. Craig et al., to J. J. Moore, for $100 and other considerations, lot on east side of Sixth street, 165 feet south of Castle, 27 1-2 by 132 feet in size.

And You Wake Up With Beautiful Curly Hair!

(Town Tattler.)

This is a secret that will, I know, be appreciated by my lady who dislikes the tedious and "nervous" task of twisting her locks around a heated iron, perhaps singeing the hair, burning off the ends, and blistering fingers or scalp in the operation. From any druggist procure a few ounces of pure liquid silmerine and at night pour a little onto a clean tooth brush and draw this down the full length of the hair. A simple thing to do, but remarkably effectual, as will be apparent in the morning.

The hair will have a wonderfully soft, fluffy curliness, much more natural looking, glossier and livelier in appearance than where a waving iron has been used. Silmerine doesn't make the hair sticky or greasy, and there will be no trouble doing it up in any style desired.—Olga Ormsbee.

PERSONAL PARAGRAPHS.

—Mr. M. Y. Margolis, of Warsaw, was in the city yesterday, a guest at Hotel Wilmington.

—T. L. Skinner, Esq., of Norfolk, Va., was in the city yesterday, a guest at Hotel Wilmington.

—J. F. Meadows, Esq., of Asheville, was a Wilmington visitor yesterday, a guest at Hotel Wilmington.

—North Carolina arrivals at the Orton last night included the following: D. B McQueen, Albemarle; J. W. Currie, Lumberton; C. N. Phillips, Southport; Capt. N. O'Berry, Goldsboro; J. M. Council, Wananish; H. C. McKeel, Newbern.

—The following North Carolinians were registered yesterday at Hotel Wilmington: E. E. Ronne, J. B. Martin, and W. J. Putnam, Fort Caswell ;R. B. Kernersville, J. E. Williams, Cerro Gordo; W. H. Hood, Southport; Roy Henderson, Jacksonville; R. J. Spearman, Greensboro; W. H. Carter, Wallace; F. H. Shipp, Newbern; F. H. Upjohn, A. M. Whipley and H. Gusails Raleigh.

COTTON STEAMER SAILED

Ninth Cargo Started Across Atlantic —Moorby Still Aground.

With the sailing yesterday of the British steamer Haslingdon, the Wilmington port has sent abroad this season nine cargoes of cotton. The cargo of the Haslingdon was 6,005 bales, valued at $450,000. It sailed for Havre, France, and the cotton was exported by Alexander Sprunt & Son. The wharves of the Champion Compresses are now empty, but other steamers are expected in a few days.

The British steamer Moorby, which went aground about a mile above Big Island Monday afternoon, is still lying there about nine miles from her destination, where she expected to discharge a cargo of pyrites at the Seaboard terminals. The tugs Castor and Gladiator have been exerting every effort to raise her, but as yet have failed. Seven hundred tons of her cargo was lightered to a barge yesterday and it is expected that the tugs will soon be able to raise the greater steamer.

NO ACTION TAKEN.

Bonding Company Still Faces the Federal Point Road Contract.

No action was taken yesterday morning at the special meeting of the County Commissioners, which was called for the purpose of considering the matter of continuing the construction of the Federal Point road, and the problem of seeing that the contract is carried out still faces the bonding company, the commissioners having served notice several days ago that no work is now being done.

All the Commissioners were present and also representatives of the New Hanover Transit Company, Wilmington Beach Corporation and the Fort Fisher Land & Development Company, who are paying part of the cost of building the road, and Mr. R. C. Humphries, the contractor, who with associates was awarded the contract for building the road.

Gold Dust on the kitchen sink
Cleans it quicker than a wink.

THE *activity* of Gold Dust makes it the only washing and cleaning powder you need.

5c and larger packages for sale everywhere

Dissolve a tablespoonful in hot water, and it goes to work, removing dirt without marring the brightest polished surface. Use it on the kitchen sink.

FINANCIAL AND COMMERCIAL

FURTHER LOSSES IN COTTON

Increased Estimates of American and Foreign Crops—January Broke to 11.61—Spot 11.80.

New York, Nov. 3.—There was a further sharp break in the cotton market today, owing to increased estimates of both American and foreign crops and reduced ideas of foreign requirements. January broke to 11.61 or 24 points below Monday's close and $3.40 per bale under the high level of last Friday. Trading became less active after this decline, and January closed at 11.74, with the general list steady at a net loss of 11 to 16 points for the day.

The market opened barely steady 10 to 13 points down in response to weakness in Liverpool and New Orleans and continued good Southern weather.

There was a good deal of realizing by recent sellers around the initial figures and prices rallied 10 or 12 points shortly after the call with January selling up to 11.84 and March 12.04 but the market soon weakened under renewed liquidation following rumors that private returns showed a ginning for the period of about 1,700,000 bales compared with 1,486,000 in 1909, the year with which bulls are comparing the present crop.

The selling for a time was extremely active and excited and stop-orders were uncovered on the break to 11.83 for March and 12.00 for May.

Reports of easier spot markets caused some irregularity during the afternoon but there was covering as well as some buying and last prices were 8 to 13 points up from the lowest.

Private spot reports from the South were conflicting but Southern markets were officially reported generally lower.

Closed steady.

NEW ORLEANS COTTON

Market Steady But Selling Pressure Lowers Prices.

New Orleans, Nov. 3.—The cotton market ruled steady today and while it felt a little selling pressure, declines were narrow and the net results for the day were a loss of only 3 to 5 points, bullish traders claimed the reaction had run its course. These claims brought in fresh buying orders on the declines. At the lowest trading months were 14 to 15 points under yesterday's final figures.

Good weather was a bearish argument but was offset by telegrams that spot holders were refusing to meet the decline in futures and that the crop in many portions of the South was ginned. In spite of bullish assertions regarding ginning the rumor that a private bureau was coming out with a report of 7,400,000 bales ginned to the end of October caused the selling which put the market to the lowest levels for the day.

Closed very steady at a decline of 3 to 5 points.

Closing bids: December 11.48; January 11.63; March 11.85; May 12.00; July 12.11.

Spot cotton quiet, 13 points off. Sales o nthe spot 5 bales, to arrive 350 bales. Middling 11.62.

LIVERPOOL COTTON MARKET.

Liverpool, Nov. 3. — Cotton: Spot, easier; good middling, 7.19; middling, 6.85; low middling, 6.37. Sales, 10,000; for speculation and export, 1,000. Receipts, 33,000. Futures, steady. November, 6.72½; Nov.-Dec., 6.72; Dec.-Jan., 6.72; Jan.-Feb., 6.72½; Feb.-Mar., 6.72½; Mar.-April, 6.72½; Apr.-May, 6.72½; May-June, 6.72½; June-July, 6.70; July-Aug., 6.67; Aug.-Sept., 6.53; Sept.-Oct., 6.40; Oct.-Nov., 6.36.

COTTON SEED OIL MARKET.

New York, Nov. 3. — Cotton seed oil was easy, under increased hedge pressure, low crude markets and liquidation on the weakness in cotton. Final prices were 10 to 18 points net lower.

Closed firm. Spot, $7.50@8.00; November, 7.50@7.54; December, 7.50@7.53; January, 7.50@7.54; February, 7.59@7.60; March, 7.65@7.66; April, 7.68@7.70; May, 7.78@7.77; June, 7.85@7.88.

Total sales, 44,000.

WHEAT MARKET UNSETTLED

Early Bulge in the Market More Than Offset by Selling Movement—Corn and Oats Also Lost a Trifle.

Chicago, Nov. 3. — Announcement of a large increase of the world's available supply started a selling movement that more than offset an early bulge today in the price of wheat. As a result, the market closed heavy, 1c. to 1¼c. down, with December at 1.03½ and May at 1.04⅝. Corn lost a shade to ⅝, and oats ¼@⅝ to ½c.

In provisions, the outcome was unchanged to 10c. lower.

Grain and provisions closing:

Wheat — December, 1.03½; May, 1.04⅜.

Corn—December, 59¼; May, 60¾.

Oats—December, 38⅝; May, 39⅜.

Pork — December, 14.50; January, 16.47.

Lard—January, 9.02; May, 9.32.

Ribs—January, 8.97.

Cash grain:

No. 2, red, 1.13@1.15½; No. 3, red, 1.09@1.13; No. 2, hard, 1.05@1.07; No. 3, hard, 1.00@1.03½.

Corn—No. 2, yellow, 66¼; No. 2, white, 65@65½.

Oats—No. 3, white, 36½@37½; standard, 39½.

Butter—Steady.

Cheese—Firm.

LOSSES IN STOCKS HEAVY

Additional Liquidation by London—Results of Elections Not Taken Seriously—Wars Depressed.

New York, Nov. 3.—Unfavorable developments were chiefly responsible for today's nervous and unsettled market. The utterances of the British premier, including virtual admission of the failure of the Allies in the Dardanelles, and the continued success of the Teutonic forces in the Balkans caused additional liquidation by London. The feeling of pessimism was heightened by Britain's further seizure of ships of American registry.

Efforts to associate today's heavy trend with yesterday's elections were not seriously taken. All the issues connected with those returns were regarded as having little if any bearing upon National affairs.

War shares exercised a depressing influence. Bethlehem Steel opened with a four point gain at 4.65, but fell violently to 425 and closed at 430.

General Motors scored a loss of 29 points at 365 and Crucible Steel fell 7 3-4 to 74 1-2, despite the publication of the company's annual report as of August 31 last, showing a surplus of over $3,000,000 in place of the previous year's deficit of $735,000.

Baldwin Locomotive made an extreme decline of 6 to 125, Willys Overland was lower by 9 to 250; Maxwell lost 5 to 75 and Studebaker 5 to 162, the latter's dividend increase of only 1 per cent being something of a disappointment. United States Steel declined a point to 86, with only partial recovery.

Railroads were the mainstay of the market, Canadian Pacific being the only standard issue in that division to show a reactionary tendency, declining 5 to 188. This was fully offset, however, by the strength of the coalers, including Norfolk & Western, which rose 2 1-8 to 122 5-8, a record quotation.

All around strength was shown by Utilities, mainly American Telephone, Western Union, Mackay Companies and Pacific Coast Telephone. Central Leather broke 2 1-2 points from its high record of Monday on announcement of the dividend increase from 3 to 4 per cent.

Bonds were strong on a heavy volume of trading, especially in speculative issues. Total sales, par value, aggregated $6,735,000. United States bonds were unchanged on call.

NOTICE OF TRUSTEE'S SALE OF REAL ESTATE.

By virtue of and pursuant to a decree of the District Court of the United States for the Eastern District of North Carolina, sitting in bankruptcy, in a cause therein pending entitled "In the Matter of G. Henry Haar, Bankrupt, in Bankruptcy," the undersigned duly elected Trustee in Bankruptcy will on Monday, the 29th day of November, 1915, at 12 o'clock M., at the court house door in New Hanover County, offer for sale for cash to the highest bidder, those certain tracts or parcels of land situated in the City of Wilmington, County of New Hanover, State of North Carolina, and bounded and described as follows:

FIRST TRACT.

Beginning at a point in the Northern line of Pender Ave., 82 ft. 6 in. East from the Northeast intersection of Pender Ave. and 20th Street and running thence North parallel to 20th Street 113 ft. to an alley; thence East parallel to Pender Ave. 49 ft. 6 in.; thence South parallel to 20th Street 113 ft. to the Northern line of Pender Ave.; thence West along Pender Ave. 49 ft. 6 in. to the beginning. Being all of Lot 9, and East half of Lot 10, in Block 21, according to the map of Carolina Place, which map is recorded in the office of the Register of Deeds of New Hanover County, in Book 48, at page 180.

SECOND TRACT.

Beginning at a point in the Northern line of Princess Street 99 ft. East from the Northeast intersection of 16th and Princess Streets, and running thence North parallel to 16th Street 165 ft. to a ten foot alley; thence East parallel to Princess Street 33 ft.; thence South parallel to 16th Street 165 ft. to the Northern line of Princess Street; thence West along Princess Street 33 ft. to the beginning. Being part of Lots 3, 4 and 5, in Block 461, according to the official plan of Wilmington.

THIRD TRACT.

All of the right, title and interest of said Trustee in and to the following tract:

Beginning at a point in the Western line of Fifth Street 104 ft. South from its intersection with the Southern line of Nun Street, and running thence westwardly parallel to Nun Street 165 ft.; thence Southwardly parallel to Fifth Street 28 ft.; thence eastwardly parallel to Nun Street 165 ft. to the Western line of Fifth Street; thence Northwardly along the Western line of Fifth Street 28 ft. to the beginning, together with the right to use in common with the owner of the lot immediately North of this tract an alley 10 ft. in width and extending in depth 165 ft. This tract is subject to a mortgage to Wilmington Homestead & Loan Association for $1,000, and to a mortgage to Mary E. Sweeney for $750, and to the Homestead allotment of said G. Henry Haar as the same are recorded in the office of the Register of Deeds of New Hanover County.

The second tract above described is subject to a mortgage to Wilmington Homestead & Loan Association of $600, as the same is recorded in the office of the Register of Deeds of New Hanover County.

This sale is made subject to confirmation by the Court. The bidding on the tract first above described will begin at $335.50. The bidding on the tract second above described will begin at $1,141.25.

FRANK HERBST,
Trustee.

Dated this October 27th, 1915.
Robert Ruark, Attorney for Trustee.

INSURERS TO LOOK AT THEIR FIRE POLICIES

And Report If New State Law is Not Observed.

Commissioner Young Sending Inquiries to Insurers—Cornerstone of Woman's Club Building Laid —Raleigh News.

(Special Star Correspondence).

Raleigh, N. C., Nov. 3.—Commissioner of Insurance James R. Young is sending to individual insurers in every section of the State postal cards making special inquiry as to whether the new law as to fire insurance that requires that the basis rate and deficiency charges are being properly stamped in the face of the insurance policies now being issued by the fire insurance companies. The Commissioner makes the comment that this duty of stamping the rate and the deficiency charges on every policy issued is some trouble for the local agents but that this gives the insured an opportunity of removing the deficiencies for which they are penalized in the rate, or of having errors in the rate corrected.

A charter was issued today for the Moore's Springs Financial Corporation of Moore's Springs, Stokes county. The capital is $250,000 authorized and $2,050 subscribed by Dr. Charles E. Moore, C. D. Kellenberger and Martin F. Douglas. The company will develop the property as a resort.

There was a gain of 21,531 in internal revenue collections for October compared with the September collections in the Eastern district of North Carolina. The increase for October, 1915, over October of last year was $54,215. Collector Bailey says the collections for October this year are the largest for any single month in the history of the revenue service. The October collections amounted to $567,634.

Cornerstone Laid.

With brief and especially fitting ceremony the ladies of the Raleigh Women's Club laid the cornerstone this morning for the new club building, which is the first to be erected by any organization of women in the State. The building is of buff brick, beautifully designed, with the club apartments on the first floor and the second and third floors devoted to apartment house purposes that will assure a permanent revenue. The building is on Hillsboro street three blocks from Capitol Square.

The women had the ceremony all their own except for a brief little address by Albert L. Cox in the way of an appreciation for the Woman's Club on the part of the men of the city. There was no Masonic ceremony. Mrs. Clarence Johnson, the president, was in charge of the ceremonies. Mrs. R. R. Cotton, of Cottondale, spoke of the "Woman's Club Movement in America," and Mrs. W. R. Hollowell, of Goldsboro, of the "Woman's Club Movement in North Carolina." In this connection it was brought out that the first Woman's Club in the State was formed at Wilmington and the second a year later in Goldsboro. This was 16 years ago.

The club movement in Raleigh was treated by Mrs. E. E. Moffitt, of Richmond, former resident of this city, who was introduced as the mother of the Raleigh club.

Dr. Dixon-Carroll, former president and chairman of the building committee, told of the struggle for the club building, declaring that women are by nature and inclination home builders and their chief place the home, and that this ceremony really signifies that the women of Raleigh are providing for themselves and those who come after them a real home for themselves where all the women and the men, on occasion, may freely come for those fellowships and sympathies so dear and essential to the human life.

ELECTION RESULTS ARE ENCOURAGING TO THE DEMOCRATS

(Continued from Page One.)

he ran 11,000 ahead of the Republican assemlymen who were candidates in the same territory.

"The Boston Post contended that the National Administration was on trial and that the election of McCall would be a vote of lack of confidence in the policies of President Wilson.

"Surely the National administration cannot point with pride to and pretend to be complimented by the success of Tammany Hall in securing control of local New York offices and aiding in the defeat of the New York constitution."

M'CALL'S MAJORITY 6,606.

Republicans Gain 17 Seats in Massachusetts Legislature.

Boston, Mass., Nov. 3. — The Republican party regained control of the executive department of the state government yesterday after an interim of five years, when Samuel W. McCall, a former congressman, was elected governor by a plurality of 6,606 over David I. Walsh, Democrat. The remainder of the Republican State ticket was elected by larger pluralities and the Republicans made a net gain of 17 seats in the Legislature, giving them a majority of 130 on joint ballot. The proposed amendment to the constitution granting the right of suffrage to women was defeated by a majority of 132,083.

A revision today of last night returns showed the complete vote of the state for governor and on the suffrage amendment to be as follows:

For Governor:

Samuel W. McCall, Republican.	235,918
David I. Walsh, Democrat	229,312
William Shaw, Prohibitionist	19,624
Nelson B. Clark, Progressive	7,034

Suffrage:

Yes	163,406
No	295,489

VIRGINIA ELECTION RETURNS.

Prohibitionist Element Increases Its Strength in the Legislature.

Richmond, Va., Nov. 3.—The controlling prohibition element in the Virginia legislature was strengthened in the general election yesterday by half a dozen new members, according to almost complete returns received here today. Indications point to the election of three or four additional Republicans in the southwestern counties, comprising the sole Republican congressional district in the state.

The Democrats defeated the fusion ticket in Norfolk county by an overwhelming majority. George E. Wise, independent Democrat, defeated Gary Haddon, the party organization's nominee, in Richmond for commonwealth attorney. The general assembly remains overwhelmingly Democratic.

RESULTS IN MARYLAND.

Harrington Elected Governor by Probably 3,000 to 3,500 Majority.

Baltimore, Nov. 3.—Figures on yesterday's election available tonight indicated that State Comptroller Emerson C. Harrington, Democrat, was elected governor over Ovington E. Weller, Republican, by from 3,000 to 3,500 plurality. Harrington carried Baltimore City by 4,724 plurality. Hugh A. McMullen, Democrat, ran out even with Mr. Harrington for comptroller.

Baltimore county, which gave Attorney General-Elect Albert C. Ritchie, Democrat, a plurality of 3,000, gave Weller an approximate plurality of 150. The other 22 counties gave Weller a plurality estimated at from 900 to 1,500. The Democrats will retain control of the Senate and will have a reduced majority in the house of delegates.

RESULTS IN OHIO.

Majority Against Prohibition from 30,000 to 40,000.

Columbus, O., Nov. 3.—Unofficial tabulation of the vote in Ohio yesterday made few changes tonight in estimates based on early returns. State-wide prohibition was defeated by a majority of between 30,000 and 40,000 and five other proposals, including one for rearranging congressional districts were voted down.

Anti-saloon league leaders said a meeting of "dry" workers will be held soon to decide whether another prohibition amendment shall be submitted next year.

WOMEN LOST BY 50,000.

According to Returns in Pennsylvania at Late Hour Last Night.

Philadelphia, Nov. 3.—Woman suffrage in Pennsylvania was defeated by more than 50,000 at Tuesday's election, according to returns received up to a late hour tonight. About 25 per cent of the election districts are still to be heard from. It is believed that more than 300,000 men favored the proposed suffrage amendment to the state constitution. Figures so far received show a total vote of 260,577 for "votes for women," and 316,523 against.

Philadelphia cast 41,000 majority against suffrage. Allegheny county, which includes Pittsburg, was carried for suffrage by a small majority. The result in Allegheny county, and in fact, 25 of the 67 counties were found in 25 of the 67 counties so found in the suffrage column, gave great encouragement to the suffragists and for a time today they believed they had a chance to carry the state against Philadelphia's big anti-suffrage vote.

Mrs. Frank Roesing, president of the Pennsylvania woman suffrage association, who tonight conceded the defeat of the woman suffrage amendment by 45,000 votes, said the opponents of the amendment concentrated efforts in Philadelphia, Berks, Lancaster and other counties but they have "only managed to postpone woman suffrage a few years."

The plurality of Thomas B. Smith, Republican, for mayor of Philadelphia, over George D. Porter, Independent, is more than 75,000. The entire Republican ticket was also elected.

An amendment to the constitution empowering the legislature to enact a compulsory workmmen's compensation law, was ratified.

STANLEY APPARENTLY LEADING

Defeat of Republicans in Kentucky Indicated—Charges of Fraud.

Louisville, Ky., Nov. 3.—Reports tonight from Democratic headquarters and other available avenues of information, indicated that A. O. Stanley, Democrat, was maintaining a safe lead over Edward P. Morrow, Republican, for governor in the election held Tuesday in Kentucky. The state headquarters report indicated Mr. Stanley's apparent majority to be 7,769. At headquarters it was stated that returns complete and verified from every county in the state had been received.

Maurice L. Galvin, chairman of the Republican State campaign committee, maintained that Mr. Morrow had been elected and attributed the showing made for Mr. Stanley to fraud.

"Morrow on the face of the returns," he said in a statement, "has carried the state by a safe majority, notwithstanding the wholesale frauds perpetrated by Democrats by interfering with and repeating voters in the city of Louisville, the stuffing of ballot boxes in Breckenridge county, the stealing of ballot boxes in Owsley county and frauds in many other places in the state.

Judge S. W. Hager, chairman of the Democratic state campaign committee, declared Mr. Galvin's charges of fraud by the Democrats, absolutely without foundation. Judge Hager countercharged that wholesale frauds have been perpetrated by the Republicans and that efforts are being made to pad the vote in the eastern Republican counties as yet unreported officially, in an effort to overhaul Mr. Stanley's apparent lead.

CONFIDENCE GIVEN IN BRIAND REGIME

(Continued from Page One.)

ed, every fault, every failure, will be punished.

Never an Army More Worthy.

"That is the programme of the new government. It is the very image of the nation—to form the most complete union in the face of the enemy. France never had an army more worthy of victory. The government, aided by parliament, must furnish all means to these heroes whom we salute with emotion and pride. Every day of bravery of our schools and our chiefs, united in mutual confidence and in devotion to the country, adds to the glory of France."

Dealing with the censorship M. Briand told the press that it must bear its share of the inconvenience imposed on the whole country, but at the same time promised to seek every means for conciliation in collaboration with members of the press.

GRAND JURY IS PROBING PLOT TO BLOW UP STEAMERS

Paul Seib and Secret Service Agent Savage Testify.

New York, Nov. 3.—The Federal grand jury today began an investigation of the case of Robert Fay, who claims to be a German army lieutenant, and his five alleged accomplices charged with conspiracy in attempting to blow up vessels carrying munitions of war from American ports to the Allies.

Paul Sieb, who is alleged to have purchased chlorate of potash for Fay, was the first witness called. After Sieb had testified for forty-five minutes Secret Service Agent Savage went before the grand jury.

William J. Flynn, chief of the secret service, has been directed to produce for the grand jury a peculiar bomb which it is alleged Fay planned to attach a steamer.

SPEED OF THE NEVADA MORE THAN REQUIRED

Test of Newest U. S. Battleship "Very Successful."

Maintains Average Record of 20.9 Knots First Vessel of the Navy to Burn Oil—Will Carry Ten 14-Inch Guns.

Rockland, Me., Nov. 3.—The great super-dreadnaught Nevada sped through the seas off Owl's Head today at a rate faster than that required to admit her to the United States navy. Driven by her oil burning engines, the Nevada went through her builders' acceptance speed trials with a maximum showing of 21:04 knots and an average record of 20.9 knots. Members of the naval trial board, headed by Capt. H. B. Wilson, said the tests were "very successful."

Particularly satisfactory to them, it was said, was the demonstration of the use of oil as fuel as the Nevada is the first battleship of the navy to be supplied with that source of power. The oil burners, it was pointed out, not only drove the ship at a speed in excess of contract requirements, but thereby also decreased greatly the volume of smoke, thereby improving the battle efficiency of the dreadnought by making it less conspicuous in action.

The Nevada's average speed was computed from the five best runs of the 23 which she made over the measured mile course. She was required to show a mean record of 20 1-2 knots for these five miles.

For the trials the Nevada displaced 27,300 tons, but when her full equipment of big guns is placed on board, the displacement will be 27,700 tons. In commission she will carry ten 14-inch guns as her principal armament.

The dreadnaught will continue her trials tomorrow with a sustained run of 12 hours at a fixed speed of 19 knots. This run will end off Boston harbor.

FAILS TO ATTAIN SPEED

United States Collier Neptune Will Make Another Trial.

Norfolk, Va., Nov. 3.—The U. S. collier Neptune which arrived here today from Boston, failed to attain the required speed with her engines but will have another trial beginning November 16. The Neptune attained a speed of 13.55 knots while her contract calls for 14 knots. She will be placed in drkdock to have her bottom scraped before going to sea for a second trial.

WOMEN LOST BALLOT IN PENN. STATE But BY 50,000 MAJORITY

(Continued from Page One.)

district in Brooklyn today showed that John (Jake) Daubert, captain and first baseman of the Brooklyn National League baseball club, had been defeated by A. L. Squires, Republican, by 1,500 votes. Daubert, who was the Democratic-Independent League candidate, did not take an active part in the campaign.

EFFORTS TO CRUSH JOY LINE ALLEGED

(Continued from Page One.)

Joy Line," Hall replied in a letter two days later, giving as a reason that it had "nothing to sell but one dilapidated steamer and the lease of half a dock. But we will make it exceedingly warm," he added, "for anybody who does buy it, as long as this opposition continues."

WHITLOCK TO RETURN HOME; IN ILL HEALTH

(Continued from Page One.)

planation that he did not intend the letters for publication.

The minister leaves Belgium with the highest commendation of the Washington government, his record being regarded here as one of the most brilliant made by any of the American diplomatic officers abroad.

It was said tonight by high officials that there never had been the slightest intimation from Germany that his presence was undesirable, and that there had been no communication whatever between Germany and the United States on the Cavell incident.

GOVERNMENT MAKES PUBLIC THE NAMES OF DELINQUENTS

List of North Carolinians Who Have Not Repaid Loans.

Washington, D. C., Nov. 3. — A partial list of persons who have failed to return to the government funds advanced to them by representatives of the United States who were sent abroad or stationed abroad for that purpose, when they were caught in Europe at the time of the outbreak of war in the summer of 1914, has been issued by the Treasury Department. The list contains the names of about 1,000 persons, from every section of the United States. The department states that other lists will follow from time to time.

Eleven of the delinquents named today gave their addresses as North Carolina. Their names and addresses and the amounts they borrowed and have not returned, as declared by the Treasury Department, are as follows:

George Alexander, 13 Bladen street, Wilmington	$61.06
Julius Alexander, Charlotte	55.25
Herman Burlin, Goldsboro	65.00
Arthur French, Charlotte	75.00
Sam Hawkins, 807 Walnut street, Wilmington	16.80
Jacob Hines, Walnut street, Wilmington	16.80
Patrick Houston, 114 Princess street, Wilmington	42.50
James Parker, Sunbury	72.50
Thomas C. Ramsey, Wilmington	80.00
Richard Robertson, Raleigh	40.00
James Sharp, Plymouth	8.50

It is interesting to note that none of the names of those giving Wilmington as their address appear in the local city directory.

Wadesboro, N. C., Nov. 3. — One of the saddest deaths that ever occurred in Wadesboro was that of Mrs. Bialock, wife of Mr. U. B. Bialock, which occurred yesterday morning about 5 o'clock. Mrs. Bialock had been in a critical condition for a week, since the birth of an infant son. Uremic poisoning was the cause of death. She is survived by her husband and six year old daughter, besides the infant son.

One pair of True Shape Socks is just like another—of the same grade, as far as it is humanly possible to have it.
